Wittgenstein's Secret Diaries Dinda L. Gorié, 2020-02-06 Ludwig Wittgenstein's works encompass a huge number of published philosophical manuscripts notebooks lectures remarks and responses as well as his unpublished private diaries The diaries were written mainly in coded script to interpolate his writings on the philosophy of language with autobiographic passages but were previously unknown to the public and impossible to decode without learning the coding system This book deciphers the cryptography of the diary entries to examine what Wittgenstein's personal idiom reveals about his public and private identities Employing the semiotic doctrine of Charles S Peirce Dinda L Gorié argues that the style of writing reflects the variety of Wittgenstein's emotional moods which were profoundly affected by his medical symptoms Bringing Peirce's reasoning of abduction together with induction and deduction the book investigates how the semiosis of the emotional energetic and logical interpretations of signs and objects reveal Wittgenstein's psychological states in the coded diaries
