Moonlight Lily:

Little Folks ,1881 Reforming Trollope Deborah Denenholz Morse,2016-04-01 Trollope the reformer and the reformation of Trollope scholarship in relation to gender race and genre are the intertwined subjects of eminent Trollopian Deborah Denenholz Morse s radical rethinking of Anthony Trollope Beginning with a history of Trollope s critical reception Morse traces the ways in which Trollope s responses to the political and social upheavals of the 1860s and 1870s are reflected in his novels She argues that as Trollope s ideas about gender and race evolved over those two crucial decades his politics became more liberal The first section of the book analyzes these changes in terms of genre As Morse shows the novelist subverts and modernizes the quintessential English genre of the pastoral in the wake of Darwin in the early 1860s novel *The Small House at Allington* Following the Second Reform Act he reimagine the marriage plot along new class lines in the early 1870s in *Lady Anna* The second section focuses upon gender In the wake of the Second Reform Bill and the agitations for women s rights in the 1860s and 1870s Trollope reveals the tragedy of primogeniture and male privilege in *Harry Hotspur of Humblethwaite* and the viciousness of the marriage market in *Ayala s Angel* The final section of *Reforming Trollope* centers upon race Trollope s response to the Jamaica Rebellion and the ensuing Governor Eyre Controversy in England is revealed in the tragic marriage of a quintessential English gentleman to a dark beauty from the Empire s dominions The American Civil War and its aftermath led to Trollope s insistence that English identity include the history of English complicity in the black Atlantic slave trade and American slavery a history Trollope encodes in the creole discourses of the late novel *Dr Wortle s School* *Reforming Trollope* is a transformative examination of an author too long identified as the epitome of the complacent English gentleman Lily's home in the country Lucy D Sale Barker,1876 **Coates's Herd Book** Henry Strafford,1906 Photoplay ,1914 **Lily's magic lantern** Lucy D Sale Barker,1880 Victorian Transformations Bianca Tredennick,2016-02-24 Proposing the concept of transformation as a key to understanding the Victorian period this collection explores the protean ways in which the nineteenth century conceived of responded to and created change The volume focuses on literature particularly issues related to genre nationalism and desire For example the essays suggest that changes in the novel s form correspond with shifting notions of human nature in Victor Hugo s *Notre Dame de Paris* technical forms such as the villanelle and chant royal are crucial bridges between Victorian and Modernist poetics Victorian theater moves from privileging the text to valuing the spectacles that characterized much of Victorian staging Carlyle s *Past and Present* is a rallying cry for replacing the static and fractured language of the past with a national language deep in shared meaning Dante Gabriel Rossetti posits unachieved desire as the means of rescuing the subject from the institutional forces that threaten to close down and subsume him and the return of Adelaide Anne Procter s fallen nun to the convent in *A Legend of Provence* can be read as signaling a more modern definition of gender and sexuality that allows for the possibility of transgressive desire within society The collection concludes with an essay that shows neo Victorian
