

# MORAL RELATIVITY

RELATED TO MORAL RELATIVISM, IT STATES THAT ETHICS BECOME SUBJECTIVE ONLY WHEN YOU APPROACH THE SPEED OF LIGHT.

THAT IS, IT'S OK TO BE SELF-SERVING, STEAL, AND MURDER AS LONG AS YOU'RE GOING REALLY, REALLY FAST.

(NOTE: THIS IS WHY RAP SOUNDS BETTER ON THE HIGHWAY AT 90 MPH)

# Moral Relativity

**Robert Streiffer**

## **Moral Relativity:**

*Moral Relativity* David B. Wong,1984-01-01      **Moral Relativism, Moral Diversity, and Human Relationships** James Kellenberger,2010-11-01 This book aims to clarify the debate between moral relativists and moral absolutists by showing what is right and what is wrong about each of these positions by revealing how the phenomenon of moral diversity is connected with moral relativism and by arguing for the importance of relationships between persons as key to reaching a satisfactory understanding of the issues involved in the debate      *Moral Relativism* Neil Levy,2014-10-01 On September 11 2001 thousands of people died in the attacks on the United States How could the terrorists justify these acts A young man kills his sister to protect his family s honour How could this be right These are just some of the questions tackled by Neil Levy in an incisive and elegant guide to the philosophy of moral relativism the idea that concepts of rightness and wrongness vary from culture to culture and that there is no such thing as an absolute moral code Opening with a comprehensive definition of this controversial theory the book examines all the arguments for and against moral relativism from its implications for ethics to the role of human biology and the difficulty of separating cultural values from innate behaviour

*Aspects of Relativism* James E. Bayley,1992 In this book nine philosophers and one literary critic address aspects of the relativism issue currently of philosophic interest Contents Relativism in Literature and Literary Criticism The Case of Frankenstein Paul Sherwin The Relativity of Interpretation Charles Evans Relativity and Justification Michael Levin Reality Relativism Michael Levin The Relativism of Objectivity Anthony M Ungar Externalism and Rationality Robert G Meyers Aristotle on Protagorean Relativism Josiah B Gould Feminist Epistemology and the Question of Relativism Claudia Murphy Relativism and Diversity Kenneth Stern and Formulating the Moral Relativism Issue James E Bayley      *Moral Relativism* Professor Steven Lukes,2008-07-22 Moral relativism attracts and repels What is defensible in it and what is to be rejected Do we as human beings have no shared standards by which we can understand one another Can we abstain from judging one another s practices Do we truly have divergent views about what constitutes good and evil virtue and vice harm and welfare dignity and humiliation or is there some underlying commonality that trumps it all These questions turn up everywhere from Montaigne s essay on cannibals to the UN Declaration of Human Rights to the debate over female genital mutilation They become ever more urgent with the growth of mass immigration the rise of religious extremism the challenges of Islamist terrorism the rise of identity politics and the resentment at colonialism and the massive disparities of wealth and power between North and South Are human rights and humanitarian interventions just the latest form of cultural imperialism By what right do we judge particular practices as barbaric Who are the real barbarians In this provocative new book the distinguished social theorist Steven Lukes takes an incisive and enlightening look at these and other challenging questions and considers the very foundations of what we believe why we believe it and whether there is a profound discord between us and them      *Absolutism and Relativism in Ethics* Shia Moser,1968      *Natural Moralities* David B. Wong,2006-10-05 David

B Wong proposes that there can be a plurality of true moralities that exist across different traditions and cultures all of which address facets of the same problem how we are to live well together Wong examines a wide array of positions and texts within the Western canon as well as in Chinese philosophy and draws on philosophy psychology evolutionary theory history and literature to make a case for the importance of pluralism in moral life and to establish the virtues of acceptance and accommodation Wong's point is that there is no single value or principle or ordering of values and principles that offers a uniquely true path for human living but variations according to different contexts that carry within them a common core of human values We should thus be modest about our own morality learn from other approaches and accommodate different practices in our pluralistic society

Dialogues Concerning the Foundations of Ethics K. Richard Garrett, 1990 In a clear and interesting style that presupposes no prior knowledge of philosophy this book states the main features of the relativist absolutist debate over the foundations of ethics The dialogues explore the rational basis for moral judgement and examine the question from both the perspective of moral relativism and that of moral absolutism

**The Ethics of Terrorism** Thomas Albert Gilly, Yakov Gilinskiy, Vladimir Sergeevnin, 2009 The goal of this book is to provide a unique and comprehensive examination of the ethics of terrorism's origins history meaning and its numerous avenues of expression There are 18 lectures that address the ethics of terrorism in both traditional and nontraditional explanations including the psychological aspects of abandonment weakness and degradation Inasmuch as ethics and morals are often confused the challenge lies in common misunderstanding and engaging in the discourse of the lectures on the ethics of terrorism These lectures on the ethics of terrorism are meant to decode the complex

**The History of Evil from the Mid-Twentieth Century to Today** Jerome Gellman, 2018-06-14 This sixth volume of *The History of Evil* charts the era 1950-2018 with topics arising after the atrocities of World War II while also exploring issues that have emerged over the last few decades It exhibits the flourishing of analytic philosophy of religion since the War as well as the diversity of approaches to the topic of God and evil in this era Comprising twenty one chapters from a team of international contributors this volume is divided into three parts God and Evil Humanity and Evil and On the Objectivity of Human Judgments of Evil The chapters in this volume cover relevant topics such as the evidential argument from evil skeptical theism free will theodicy continental philosophy religious pluralism the science of evil feminist theorizations terrorism pacifism realism and relativism This outstanding treatment of the history of evil will appeal to those with particular interests in the ideas of evil and good

**Moral Relativism and Reasons for Action** Robert Streiffer, 2020-07-20 Originally published in 2003 this book examines moral relativism and the author discusses the main arguments for Appraiser Relativism and Agent Relativism The final chapter of the book discusses the implication of some recent developments in metaethics and develops a theory of reasons for action based on the way in which an action can be good as an alternative to the desire based agent centred account critiqued in the earlier chapters

*Enchantment and Gestalt Therapy* Erving Polster, 2020-11-30 *Enchantment and Gestalt Therapy* is a personal exploration

of Erving Polster's remarkable career the value of the Gestalt approach and the power of enchantment in psychotherapy Polster points ahead to a vision of a psychotherapy that includes the population as a whole rather than focusing on individuals highlights common aspects of living and focuses on creating an ethos for a shared understanding The book outlines the six Gestalt therapy concepts that have formed the basis of Polster's work and describes Life Focus Groups with an emphasis on the communal relationship between tellers and listeners Polster also describes the phenomenon of enchantment in psychotherapy in detail with reference to his own experiences This unique work is essential reading for Gestalt therapists other professionals interested in Gestalt approaches and readers looking for a deeper insight into community and connection In the below link Erving Polster speaks to Margherita Spagnuolo Lobb the series editor of The Gestalt Therapy Book Series about Enchantment and Gestalt Therapy <https://www.youtube.com/watch?v=7PVG9JgpTQQ> feature you tube

**Essays on Skepticism, Relativism, and Ethics in the Zhuangzi** Paul Kjellberg, P. J. Ivanhoe, Chair Professor of East Asian and Comparative Philosophy and Religion and Director of the Center for East Asian and Comparative Philosophy (Ceacop) Philip J Ivanhoe, 1996-01-01 The Chinese philosophical text Zhuangzi was written by Zhuangzi in the fourth century BCE With humor and relentless logic Zhuangzi attacks claims to knowledge about the world especially evaluative knowledge of what is good and bad or right and wrong This book is about the man and the text

**Moral Relativism and Pluralism** David B. Wong, 2023-02-02 The argument for metaethical relativism the view that there is no single true or most justified morality is that it is part of the best explanation of the most difficult moral disagreements The argument for this view features a comparison between traditions that highly value relationship and community and traditions that highly value personal autonomy of the individual and rights It is held that moralities are best understood as emerging from human culture in response to the need to promote and regulate interpersonal cooperation and internal motivational coherence in the individual The argument ends in the conclusion that there is a bounded plurality of true and most justified moralities that accomplish these functions The normative implications of this form of metaethical relativism are explored with specific focus on female genital cutting and abortion

*Moral Relativism and Chinese Philosophy* Yang Xiao, Yong Huang, 2014-03-01 A wide ranging consideration of the work of contemporary ethicist David Wong Original influential and often controversial ethicist David Wong defends forms of moral relativism His 1984 *Moral Relativity* was a study of this concept and his 2006 *Natural Moralities* presented a new and sophisticated account of it Wong's vision is of a pluralistic moral relativism he does not defend all forms of relativism but evaluates what moralities may be true His singular philosophy reflects his deep knowledge of Confucian and Daoist thought In this book moral philosophers and scholars of Chinese thought debate ideas central to Wong's work and Wong responds to them The discussion ranges widely including exploring Wong's thought on naturalism criteria for moralities the principle of charity moral authority and the concept of community and looking at his readings of Xunzi and Zhuangzi Wong's nuanced and forceful responses clarify and develop further arguments

in his work These engaging and critical exchanges between Wong and his critics illuminate not only Wong s thought but also contemporary ethical theory and Chinese philosophy The SAGE International Encyclopedia of Mass Media and Society Debra L. Merskin,2019-11-12 The SAGE International Encyclopedia of Mass Media and Society discusses media around the world in their varied forms newspapers magazines radio television film books music websites social media mobile media and describes the role of each in both mirroring and shaping society This encyclopedia provides a thorough overview of media within social and cultural contexts exploring the development of the mediated communication industry mediated communication regulations and societal interactions and effects This reference work will look at issues such as free expression and government regulation of media how people choose what media to watch listen to and read and how the influence of those who control media organizations may be changing as new media empower previously unheard voices The role of media in society will be explored from international multidisciplinary perspectives via approximately 700 articles drawing on research from communication and media studies sociology anthropology social psychology politics and business

**Integrity and Moral Relativism** Samuel Fleischacker,2021-11-01 Programs of ethical relativism notoriously face two great difficulties 1 how can they account for our need to make ethical judgements about other groups and individuals with whom we come into conflict and 2 how can they allow for us to criticize the group set of desires etc to which our ethical norms are said to be relative Integrity and Moral Relativism develops a moderate version of cultural relativism that can answer these questions After examining and defending the notion of a world picture and of incommensurable differences across world pictures the book brings its theoretical framework together with the history of anthropology to argue that a culture is indeed the appropriate expression of a world picture It then draws on literary philosophical and historical resources to illustrate the way in which Western society specifically contains traditions distinguishing legitimate cross cultural judgment and legitimate from illegitimate cultural self criticism As long as there is a language for these possibilities an individual can see ethics as culturally based without compromising his or her integrity *Rationalism, Realism, and Relativism* Robert L. Arrington,2019-05-15 During the 1970s and 1980s the field of ethics underwent a profound change in perspective from noncognitivism to cognitivism regarding moral judgments and reasoning Although metaethical noncognitivism had been the predominant point of view during the previous three decades a series of attacks had undermined its authority by the 1970s and it gave way to the cognitivist belief that moral judgments have truth values This book provides a descriptive and critical guide to the often bewildering scene that resulted from these controversies in contemporary moral epistemology Moral Relativism J. Kellenberger,2008-03-20 From the New York Times bestselling author of *The Year We Left Home* a dazzling new novel already being hailed as an instantly addictive tale of yearning paradox and hope Booklist After surviving a shooting at her high school Linnea is packed off to live with her estranged father Art who doesn t quite understand how he has suddenly become responsible for raising a sullen adolescent girl Art s neighbor Christie

is a nurse distracted by an eccentric patient Mrs Foster who has given Christie the reins to her Humanity Project a bizarre and well endowed charity fund Just as mysteriously no one seems to know where Conner the Fosters handyman goes after work but he has become the one person Linnea can confide in perhaps because his own home life is a war zone his father has suffered an injury and become addicted to painkillers As these characters and many more hurtle toward their fates the Humanity Project is born Can you indeed pay someone to be good At what price Thompson proves herself at the height of her powers in The Humanity Project crafting emotionally suspenseful and thoroughly entertaining characters in which we inevitably see ourselves Set against the backdrop of current events and cultural calamity it is at once a multifaceted ensemble drama and a deftly observant story of our twenty first century society [Foundations for Moral Relativism](#) J. David Velleman,2015-11-23 In this new edition of Foundations for Moral Relativism a distinguished moral philosopher tames a bugbear of current debate about cultural difference J David Velleman shows that different communities can indeed be subject to incompatible moralities because their local mores are rationally binding At the same time he explains why the mores of different communities even when incompatible are still variations on the same moral themes The book thus maps out a universe of many moral worlds without as Velleman puts it moral black holes The six self standing chapters discuss such diverse topics as online avatars and virtual worlds lying in Russian and truth telling in Quechua the pleasure of solitude and the fear of absurdity Accessibly written this book presupposes no prior training in philosophy

When people should go to the ebook stores, search commencement by shop, shelf by shelf, it is in fact problematic. This is why we provide the ebook compilations in this website. It will extremely ease you to see guide **Moral Relativity** as you such as.

By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections. If you want to download and install the Moral Relativity, it is unconditionally simple then, past currently we extend the connect to buy and make bargains to download and install Moral Relativity appropriately simple!
