More contemporary Americans Percy Holmes Boynton,1967 Twentieth-Century and Contemporary American Literature in Context Linda De Roche,2021-06-04 This four volume reference work surveys American literature from the early 20th century to the present day featuring a diverse range of American works and authors and an expansive selection of primary source materials Bringing useful and engaging material into the classroom this four volume set covers more than a century of American literary history from 1900 to the present Twentieth Century and Contemporary American Literature in Context profiles authors and their works and provides overviews of literary movements and genres through which readers will understand the historical cultural and political contexts that have shaped American writing Twentieth Century and Contemporary American Literature in Context provides wide coverage of authors works genres and movements that are emblematic of the diversity of modern America Not only are major literary movements represented such as the Beats but this work also highlights the emergence and development of modern Native American literature African American literature and other representative groups that showcase the diversity of American letters A rich selection of primary documents and background material provides indispensable information for student research

Contemporary American Judaism Dana Evan Kaplan,2011 No longer controlled by a handful of institutional leaders based in remote headquarters and rabbinical seminaries American Judaism is being transformed by the spiritual decisions of tens of thousands of Jews living all over the United States A pulpit rabbi and himself an American Jew Dana Evan Kaplan follows this religious individualism from its postwar suburban roots to the hippie revolution of the 1960s and the multiple postmodern identities of today From Hebrew tattooing to Jewish Buddhist meditation Kaplan describes the remaking of historical tradition in ways that channel multiple ethnic and national identities While pessimists worry about the vanishing American Jew Kaplan focuses on creative responses to contemporary spiritual trends that have made a Jewish religious renaissance possible He believes that the reorientation of American Judaism has been a bottom up process resisted by elites who have reluctantly responded to the demands of the spiritual marketplace The American Jewish denominational structure is therefore weakening at the same time that religious experimentation is rising leading to the innovative approaches supplanting existing institutions The result is an exciting transformation of what it means to be a religious American Jew in the twenty first century

The Contemporary American Organ William Harrison Barnes,1930 **Vampire Legends in Contemporary American Culture** William Patrick Day,2014-07-11 While vampire stories have been part of popular culture since the beginning of the nineteenth century it has been in recent decades that they have become a central part of American culture Vampire Legends in Contemporary American Culture looks at how vampire stories from Bram Stoker s Dracula to Blacula from Bela Lugosi s films to Love at First Bite have become part of our ongoing debate about what it means to be human William Patrick Day looks at how writers and filmmakers as diverse as Anne Rice and Andy Warhol present the vampire as an archetype of human

identity as well as how many post modern vampire stories reflect our fear and attraction to stories of addiction and violence He argues that contemporary stories use the character of Dracula to explore modern values and that stories of vampire slayers such as the popular television series Buffy the Vampire Slayer integrate current feminist ideas and the image of the Vietnam veteran into a new heroic version of the vampire story

The Spirit Moves West Rebecca Y. Kim,2015-01-02 With the extraordinary growth of Christianity in the global south has come the rise of reverse missions in which countries in Asia Africa and Latin America send missionaries to re evangelize the West In *The Spirit Moves West* Rebecca Kim uses South Korea as a case study of how non Western missionaries target Americans particularly white Americans She draws on four years of interviews participant observation and surveys of South Korea s largest non denominational missionary sending agency University Bible Fellowship in order to provide an inside look at this growing phenomenon Known as the Asian Protestant Superpower South Korea is second only to the United States in the number of missionaries it sends abroad approximately 22 000 in over 160 countries Conducting her research both in the US and in South Korea Kim studies the motivations and methods of these Korean evangelicals who have since the 1970s sought to bring the gospel back to America By offering the first empirically grounded examination of this much discussed phenomenon Kim explores what non Western missions will mean to the future of Christianity in America and around the world
