The Book of Chakra Healing Liz Simpson, 1999 This ancient Indian

system of healing focuses on vortices of energy that originate in seven centers of the body. When they become blocked a variety of ailments can manifest themselves. This book discusses various practical ways to work on chakras using archetypal and animal associations, crystals, meditation, visualization, affirmations, and physical exercise. It starts by familiarizing the reader with how this mystical ancient art works as a holistic and spiritual system that promotes harmony and health and then proceeds to the root chakra. A chart of correspondences includes everything from color and key element to physical and mental functions and compatible fragrances. It includes a detailed list of suggested activities to stimulate the chakra such as dining on healing foods, listening to restorative music, and learning from inspirational case histories. Equally exhaustive information is given for the other six chakras: Sacral, Solar Plexus, Heart, Throat, Brow, Third Eye, and Crown. A final section focuses on how other healing disciplines such as yoga and reiki incorporate the chakra therapies to restore the optimal physical, emotional, and spiritual self.

The Book Of Chakras Jay K Morley, 2021-05-31. Would you like to know the real energy that resides within you and that you do not exploit? It is the reason for your wrong days when you lack energy and are apathetic towards everything and everyone. And the more you try to change the worse it is. Today's life is unforgiving; its rhythms are pressing and unpredictable. We seem to be continuously bewildered by events, news, and commitments that cannot be postponed. But what we cannot delay is our health because without it nothing makes sense anymore. When our chakras, which are the vital energy centers of our body, are closed, we live at a reduced speed and we use a meager percentage of ourselves in any situation, whether it is our private or working life. Unbalanced chakras can cause considerable mental and physical discomfort. One may fall victim to mental illness, anxiety, and insecurity. The symptoms of an imbalance in the chakras include, in addition to widespread physical discomfort and irritability, chronic pain and increased blood pressure. The *Book Of Chakras* will help you solve this problem, revealing how to improve your mood and health through a few simple habits that you can follow every day.
