*Islam and Papal Power in Late Medieval and Early Modern Europe* Kate Waggoner Karchner,2025-03-19 Islam and Papal Power in Late Medieval and Early Modern Europe traces the influential history of another book Riccoldo da Montecroce s *Contra legem Sarracenorum* Around 1301 a Dominican missionary named Riccoldo da Montecroce wrote a treatise on the Qur an arguing against the validity of the Muslim faith Over the next two hundred years Europeans read copied translated and circulated Riccoldo s work more than any other text on Islam This study overviews and contextualizes that popularity in order to analyze Christian understandings of Islam in early modern Europe Analysing the thirty four surviving manuscript copies this book studies the way the text was transcribed the notes that readers made in the margins and the contexts in which it was copied Critically this book also puts the transmission analysis into the broader context of major European historical developments This context reveals that *Contra legem* became a tool for Europeans who linked fear of the Ottoman Empire to instability within the Church Specifically readers used Riccoldo s descriptions of the dangers of the Qur an to conflate the Ottoman Empire with a broader Islamic threat to Christian society Such positioning helped readers to substantiate the divine authority of the western Church and especially the papacy as a bulwark against this threat This book will be of interest to scholars working on interreligious dialogue and Christian Muslim relations in medieval and early modern Europe and the Mediterranean It will appeal to historians of religion scholars of late medieval and early modern thought and students of pre and early modern history at the upper undergraduate and graduate levels

Mahmassani, 2014-07-27 RENEWING OUR UNDERSTANDING OF ISLAM IN TODAY'S WORLD. Islam in many of its current guises no longer resembles its original Message. In a world of intractable conflicts plagued by political Islam and Islamophobia and where other forms of fundamentalism within the major religious creeds are on the rise, as well, this book serves as a reminder. It aims to recover and reaffirm Islam's underlying and guiding principles. Setting out to distinguish the divine from the human in order to elucidate the pristine nature of the divine Message, Mahmassani reasserts Islam's universal, secular, and progressive character. In Part One of this comprehensive and meticulously researched volume, the author places the Message of Islam within its historic geographic and cultural contexts. Focusing on the primacy of the Holy Qur'an among the sources of Islam, he examines the controversies which have surrounded the Prophetic Tradition, Sunna, and Hadith as a source of Islam, demonstrating the full scope of Islam's universality. In Part Two, he goes on to clarify Islam's secular nature by reconsidering inherited beliefs about the relationship between Islam and the state and Islam and Sharia, a law-revealing Islam's inherent

humanism This leads in Part Three to reflections on the progressive nature of Islam and on the importance of the role of the mind in understanding and taking full benefit of religion as an engine of progress In particular the author focuses on human rights including issues of human dignity freedom of faith and gender equality Islam in Retrospect Recovering the Message is a rich contribution to continuing efforts to reform perceptions of Islam Scholars and students in the fields of Islamic studies religion and the humanities teachers policy makers and general readers will find this carefully constructed sourcebook invaluable for its fresh outlook and approach to understanding Islam and Muslim Scriptures in the light of today s world As Mahmassani affirms Islam as a divine message has been and continuously remains perfect     **Among Our Books** Carnegie Library of Pittsburgh,1905     *Association Men.
