Elizabeth D. Blum

Race Class Gender And American Envi:

Race, Class, Gender, and American Environmentalism Dorceta E. Taylor, 2002 **Race, Class, Gender, and American Environmentalism** Dorceta E. Taylor, 2002 Examines the environmental experiences of middle working class whites people of color in the U S during the 19th 20th cent Race class gender had profound effects on people s EV experiences consequently their activism While some middle class whites fled the cities their urban ills to focus on outdoor wilderness wildlife issues some stayed in the cities to develop urban parks help improve urban EV conditions The white working class collaborated with white middle class urban EV activists to improve public health worker health safety whereas people of color developed activist agendas that linked racism oppression to worker health safety issues loss or denial of land ownership infringement on human rights **Love Canal Revisited : Race, Class, and Gender in Environmental Activism** Elizabeth D. Blum, 2008 Historical snapshots of the Love Canal area Gender at Love Canal Race at Love Canal Class at Love Canal Historical implications of gender race and class at Love Canal *African American Environmental Thought* Kimberly K. Smith, 2007 Examines the works of Frederick Douglass Booker T Washington W E B Du Bois and several other canonical figures to uncover a rich and vital tradition of black environmental thought from the abolition movement through the Harlem Renaissance Provides the first careful linkage of the early conservation movement to black history the first detailed description of black agrarianism and the first analysis of scientific racism as an environmental theory **A Companion to American Environmental History** Douglas Cazaux Sackman, 2010-02-12 A Companion to American Environmental History gatherstogether a comprehensive collection of over 30 essays that examinethe evolving and diverse field of American environmental history Provides a complete historiography of American environmentalhistory Brings the field up to date to reflect the latest trends andencourages new directions for the field Includes the work of path breaking environmental historians from the founders of the field to contributions frominnovative young scholars Takes stock of the discipline through five topically themedparts with essays ranging from American Indian EnvironmentalRelations to Cities and Suburbs **Ecowomanism** Harris, Melanie L., 2017-09-14 Melanie Harris argues that African American women make unique contributions to the environmental justice movement in the ways that they theologize theorize practice spiritual activism and come into religious understandings about their relationship with the earth This unique text stands at the intersection of several academic disciplines womanist theology eco theology spirituality and theological aesthetics Elgar Encyclopedia of Environmental Sociology Christine Overdevest, 2024-04-12 The Elgar Encyclopedia of Environmental Sociology serves as a repository of insight on the complex interactions challenges and potential solutions that characterize our shared ecological reality Presenting innovative thinking on a comprehensive range of topics expert scholars researchers and practitioners illuminate the nuances complexities and diverse perspectives that define the continually evolving field of environmental sociology *100 Years of the Nineteenth Amendment* Holly J. McCammon, Lee Ann Banaszak, 2018-02-01 The year 2020 will

mark the 100th anniversary of the Nineteenth Amendment giving many women in the United States the right to vote The struggle for suffrage lasted over six decades and involved more than a million women yet even at the moment of the amendment s enactment women s activists disagreed heartily over how much had been achieved whether it was necessary for women to continue organizing for political rights and what those political rights would bring Looking forward to the 100 year anniversary of the passage of the Nineteenth Amendment this collection of original essays takes a long view of the past century of women s political engagement to gauge how much women have achieved in the political arena The volume looks back at the decades since women won the right to vote to analyze the changes developments and even continuities in women s roles in the broad political sphere Ultimately the book asks two important questions about the last 100 years of women s suffrage 1 How did the Nineteenth Amendment alter the American political system and 2 How has women s engagement in politics changed over the last 100 years As the chapters reveal while women have made substantial strides in the political realm voting at higher rates than men and gaining prominent leadership roles barriers to gender equality remain Women continue to be underrepresented in political office and to confront gender bias in a myriad of political settings The contributors also remind us of the important understanding to be gained from an intersectional perspective to women s political engagement In particular several chapters discuss the failure of the Nineteenth Amendment to provide full political rights and representation to African American Latina and poorer women The work also considers women s extra institutional activism in a wide variety of settings including in the feminist civil rights environmental and far right movements As the volume traces women s forceful presence and limitations in politics over the past century it also helps us look forward to consider the next 100 years what additional victories might be won and what new defeats will need women s response

Routledge Handbook of Gender and Environment Sherilyn MacGregor,2017-07-14 The Routledge Handbook of Gender and Environment gathers together state of the art theoretical reflections and empirical research from leading researchers and practitioners working in this transdisciplinary and transnational academic field Over the course of the book these contributors provide critical analyses of the gender dimensions of a wide range of timely and challenging topics from sustainable development and climate change politics to queer ecology and interspecies ethics in the so called Anthropocene Presenting a comprehensive overview of the development of the field from early political critiques of the male domination of women and nature in the 1980s to the sophisticated intersectional and inclusive analyses of the present the volume is divided into four parts Part I Foundations Part II Approaches Part III Politics policy and practice Part IV Futures Comprising chapters written by forty contributors with different perspectives and working in a wide range of research contexts around the world this Handbook will serve as a vital resource for scholars students and practitioners in environmental studies gender studies human geography and the environmental humanities and social sciences more broadly [Transformative Sustainability Education](#) Elizabeth A. Lange,2023-03-28 This book lays out the principles and practices of transformative sustainability

education using a relational way of thinking and being Elizabeth A Lange advocates for a new approach to environmental and sustainability education that of rethinking the Western way of knowing and being and engendering a frank discussion about the societal elements that are generating climate environmental economic and social issues Highlighting the importance of Indigenous and life giving cultures the book covers educational theory transformation stories of adult learners social and economic critique and visions of changemakers Each chapter also has a strong pedagogical element with entry points for learners and embodied practices and examples of taking action at micro meso macro levels woven throughout Overall this book enacts a relational approach to transformative sustainability education that draws from post humanist theory process thought relational ontology decolonization theory Indigenous philosophy and a spirituality that builds a sense of sacred towards the living world Written in an imaginative storytelling manner this book will be a great resource for formal and nonformal environmental and sustainability educators

What is Critical Environmental Justice? David Naguib Pellow, 2025-05-14 Human societies have always been deeply interconnected with our ecosystems but today those relationships are witnessing greater frictions tensions and harms than ever before These dynamics mirror those experienced by marginalized communities across the planet but they also provide a foundation for transformative thinking and action to address these challenges In this updated edition of his innovative contribution David Naguib Pellow introduces a new framework for critically analyzing Environmental Justice scholarship and activism In doing so he extends the field's focus to topics not usually associated with environmental justice including policing incarceration the Israel Palestine conflict and the Black Lives Matter movement In doing so he reveals that ecological violence is first and foremost a form of social violence driven by and legitimated by social structures and discourses He enriches this radical approach to Environmental Justice by drawing on Indigenous Studies the Black Radical Tradition Disability Studies Queer and Transgender Studies and Multi Species Justice among others Those already familiar with the discipline will find themselves invited to think about the subject in entirely new ways This book is a vital resource for students scholars and policy makers interested in innovative approaches to one of the greatest challenges facing humanity and the planet

Major Problems in American Environmental History Carolyn Merchant, 2005 This volume traces the history of environmental conditions in the United States through the examination of critical issues such as pollution conservation and wilderness preservation The Second Edition of this popular text includes several new essays and documents and pays particular attention to multiculturalism and gender throughout In order to place American environmental issues in a larger context the text emphasizes international relations and globalization

Congregating the Movement Nicole Kaufman, 2006

[Environment, Inc](#) Christopher John Bosso, 2005 To understand the environmental movement is to understand environmental organizations And no one better understands this than Bosso His book is both important and timely Jeffrey M Berry author of *The New Liberalism The Rising Power of Citizen Groups* A must read for anyone interested in the future of our environment Frank R Baumgartner coauthor of *Basic Interests*

The Importance of Groups in Politics and in Political Science An important engaging and well written book that s ideal for courses in environmental politics Robert J Duffy author of The Green Agenda in American Politics New Strategies for the Twenty First Century A masterful study that fills a critical void in the field Michael E Kraft author of Environmental Policy and Politics Publisher *The Contribution of Race, Class, Gender, and Family Structure on Adolescents' Expectations of the Future* Judy Dearing Berglund,2004 **A People and a Nation: To 1877** Mary Beth Norton,1930 This spirited narrative challenges students to think about the meaning of American history Thoughtful inclusion of the lives of everyday people cultural diversity work and popular culture preserves the text s basic approach to American history as a story of all the American people The Seventh Edition maintains the emphasis on the unique social history of the United States and engages students through cutting edge research and scholarship New content includes expanded coverage of modern history post 1945 with discussion of foreign relations gender analysis and race and racial relations Chapter based Links to the World connect US history to global events and provide web links for further research while end of chapter Legacies for a People and a Nation focus on meaningful events or movements relevant to present day issues or controversies [Earthographies](#) Wendy Wheeler,Hugh Dunkerley,2008 **The Environmental Forum** ,1994 **The Scholar** ,2001 *Making a Difference College and Graduate Guide* Miriam H. Weinstein,1999 It offers honest and up to date profiles of more than 100 distinctive colleges and graduate programs from hidden gems to Ivy League schools religious colleges innovative state schools and unique graduate schools It s filled with hundreds of amazing opportunities ideas for meaningful courses of study and advice for service related career paths Nowhere else can students learn where they can help save endangered species monitor rivers for pollution study marine ecology on coral reefs design affordable housing or tutor at risk children while getting college credit And now for the first time this guide also includes vital information about graduate fields including law health international relations environment spirituality and urban planning plus more than fifty pages of information about the Peace Corps such as how to combine Peace Corps work with graduate school
