Rachels Child:

Jesus the Radical Raymond Angelo Belliotti,2013-10-22 Jesus the Radical The Parables and Modern Morality connects the lessons of six parables of the New Testament with philosophical issues structured around contemporary morality and the art of leading a good human life In this manner Raymond Angelo Belliotti highlights just how radical was the historical Jesus moral message and how enormous a challenge he raised to the conventional wisdom of his time More important this book demonstrates how deeply opposed is Jesus moral message to the dominant moral understandings of our time Although our conventional morality is generally profoundly influenced by Judeo Christianity several of Jesus revolutionary insights have been marginalized By imagining how our world would appear if those insights were highlighted we can perceive more clearly the people we are and the people we might become Belliotti s analysis of the parables will be of keen interest to professional philosophers theologians and educated lay people interested in the connections between religion and philosophy *Doing and Allowing Harm* Fiona Woollard,2015-01-08 Doing harm seems much harder to justify than merely allowing harm If a boulder is rushing towards Bob you may refuse to save Bob s life by driving your car into the path of the boulder if doing so would cost you your own life You may not push the boulder towards Bob to save your own life This principle the Doctrine of Doing and Allowing requires defence Does the distinction between doing and allowing fall apart under scrutiny When lives are at stake how can it matter whether harm is done or allowed Drawing on detailed analysis of the distinction between doing and allowing Fiona Woollard argues that the Doctrine of Doing and Allowing is best understood as a principle that protects us from harmful imposition Such protection against imposition is necessary for morality to recognize anything as genuinely belonging to a person even that person s own body As morality must recognize each person s body as belonging to her the Doctrine of Doing and Allowing should be accepted Woollard defends a moderate account of our obligations to aid tackling arguments by Peter Singer and Peter Unger that we must give most of our money away and arguments from Robert Nozick that obligations to aid are incompatible with self ownership **Ancestral Chronological Record of the William White Family, from 1607-8 to 1895** Thomas White,Samuel White,1895 **A Radical Green Political Theory** Alan B.
