More Mindblowers Chet Stover, Nick Pease, 1983 A collection of remarkable facts about such phenomena as the world's strongest man, the most accurate archer, the longest speech, the largest living thing, and the loudest explosion **Date Ideas for Immigrants** Max Smirnoff, 2024-04-30 Welcome to the ultimate guide for immigrant men looking to conquer the dating scene. In the final installment of the *Attract with Accent* series, we delve into the art of crafting unforgettable dates without breaking the bank. I'm revealing a secret perfect date recipe. We'll also discuss the best strategies for choosing locations to reside in for your success with women. You will learn how many dates you should have before you can have sex and where to go, what to say, what to do to fulfill the goals of each date. I'll take you on virtual dates to show how it is done. To make you even more successful with women, I will arm you with Neuro-Linguistic Programming called scientific magic. This tool will allow you to cast a love spell on a girl to help people change their point of view and even bring a girl home on a first date. In a bonus part, *Life After Sex*, I have listed mistakes men make after sex and ways to avoid them. Following my instructions and using my materials as intended throughout the dating process would create an unforgettable experience for you and your girls. You also have this book and other books in this series as your faithful and loyal friends if you can apply only 15% of what you've learned; you will double your dating.

Mindblowers Jim Rhine, 2007 Noting some of the more bizarre aspects of history, author Jim Rhine peers behind the veil of assumed knowledge with insight and humor to reveal the shocking truths, stunning ironies, and the often humorous, all-too-human element behind many of our most recognized and cherished collective memories. With its episodic nature, *Mindblowers* is perfect for picking up, browsing, and each of the essays can be read in five minutes or less, making this book the perfect choice for those who want their brain stimulated without having to sift through hours of boring, concentrated reading.

The Mindblower Androids Randall Edward Foss, 2018-02-01 As androids proliferate, become highly skilled, and become difficult to tell apart from humans, Mytown Mining Inc. takes full advantage of the situation to secretly rise up from below and give those responsible for top secret plans in the United States Air Force all that it can handle in the remotest western skies. Meanwhile, the three members of the Braun family—Ben, Jenny, and Max—are plucked from their normal routine to participate voluntarily in the top secret plans along with a few others to battle the crooked corporation, sometimes underground but mostly in the air. Ben, the inventor and manufacturer of the Mindblower, a sleek electronic device that boosts memory and enhances mental acuity, disappears on a family hike in the rain forest. When Jenny, his wife and a traveling pharmaceutical sales representative, and Max, his teenage son, try to find him in Jenny's small plane, they discover the USAF top secret facilities and its latest top secret aircraft and androids. Then, as they and their friends continue their search for Ben, they find themselves fighting for their lives and for those humans and androids beside them.
