*The Content and Context of Hate Speech* Michael Herz, Peter Molnar, 2012-04-09 The contributors to this volume consider whether it is possible to establish carefully tailored hate speech policies that are cognizant of the varying traditions histories and values of different countries Throughout there is a strong comparative emphasis with examples and authors drawn from around the world All the authors explore whether or when different cultural and historical settings justify different substantive rules given that such cultural relativism can be used to justify content based restrictions and so endanger freedom of expression Essays address the following questions among others is hate speech in fact so dangerous or harmful to vulnerable minorities or communities as to justify a lower standard of constitutional protection What harms and benefits accrue from laws that criminalize hate speech in particular contexts Are there circumstances in which everyone would agree that hate speech should be criminally punished What lessons can be learned from international case law

**Supporting Trans People of Colour** Sabah Choudrey, 2022-01-21 Essential reading DIVA MAGAZINE Highly accessible and important EUGENCE ELLIS A deeply helpful and engaging read MEG JOHN BARKER Providing an accessible and authoritative introduction to issues around People of Colour POC trans inclusion this book uses case studies tips checklists and anonymous survey results to set out best practice for any professionals working with trans people to create safer spaces support and awareness Trans people of colour are often excluded because gender and race are treated as separate issues They are therefore left out from movements and services and in trans and non binary spaces their POC identities are overlooked Choudrey s guide introduces the theory of intersectionality from the start giving practical tips and steps to ensure that the community as a whole may be represented and creates a safer space for trans people of colour to thrive An empowering and self preserving tool Supporting Trans People of Colour is an invaluable resource for therapists counsellors healthcare professionals and those working in education and charities as well as those wanting to make their approach and service more inclusive

*Rights at Risk* David K. Shipler, 2012-03-06 An enlightening intensely researched examination of violations of the constitutional principles that preserve individual rights and civil liberties from courtrooms to classrooms With telling anecdote and detail Pulitzer Prize winner David K Shipler explores the territory where the Constitution meets everyday America where legal compromises before and since 9 11 have undermined the criminal justice system s fairness enhanced the executive branch s power over citizens and immigrants and impaired some of the freewheeling debate and protest essential in a constitutional democracy Shipler demonstrates how the violations tamper with America s safety in unexpected ways While a free society takes risks to observe rights denying rights creates other risks A suspect s right to silence may deprive police of a confession but a forced confession is often false Honoring the right to a jury trial may be cumbersome but empowering prosecutors to coerce a guilty plea means evidence goes untested the charge unproved An investigation undisciplined by the Bill of Rights may jail the innocent and leave the guilty at large and dangerous Weakened constitutional

rules allow the police to waste precious resources on useless intelligence gathering and frivolous arrests The criminal courts act less as impartial adjudicators than as conveyor belts from street to prison in a system that some disillusioned participants have nicknamed McJustice There is always a human cost Shipler shows us victims of torture and abuse not only suspected terrorists at the hands of the CIA but also murder suspects interrogated by the Chicago police We see a poverty stricken woman forced to share an attorney with her drug dealer boyfriend and sentenced to six years in prison when the conflict of interest turns her lawyer against her We meet high school students suspended for expressing unwelcome political opinions And we see a pregnant immigrant deported after years of living legally in the country for allegedly stealing a lottery ticket Often shocking yet ultimately idealistic Rights at Risk shows us the shadows of America where the civil liberties we rightly take for granted have been eroded and summons us to reclaim them
