**Syntax** P. H. Matthews, 1981-07-30 This textbook introduces the basic concepts of syntax. The approach is thematic, dealing with the nature of syntactic relations and the main types of construction: predication, attribution, coordination, etc. Professor Matthews draws attention to the weakness of much current syntactic theory and considers the problem of indeterminacy, which theorists have been unable to treat in any systematic way. **Please Do Feed the Cat** Marian Babson, 2020-01-07 This mystery immerses the reader in English village life with a cast of delightful characters, including cats. Publishers Weekly Mystery writer Lorinda Lucas doesn't like the trend toward overly gruesome crime fiction, but she's even more upset about Roscoe, the cat who lives next door. He used to look well fed and well cared for, but when Lorinda gets back from her most recent book tour, she's worried by his dangerously skinny appearance. It turns out that Roscoe's owner has a new girlfriend who's put the poor cat on a deprivation diet, and that's not the only bad news in *Brimful Coffers*. There's been a fatal hit and run, and escalating tensions, and before she knows it, the mystery writer will be investigating a real-life murder case. This witty, suspenseful tale comes from an Agatha Award-winning author whose name on a mystery is a guarantee of quality writing wrapped around an unusual crime. *Houston Chronicle* **Please Do Feed the Cat** is the 1st book in the *Brimful Coffers* Mysteries, but you may enjoy reading the series in any order.
