American Artists, Jewish Images Matthew Baigell, 2006-03-16 Born over a fifty year period the artists in this volume represent several generations of twentieth century artists Examining the work of such influential artists as Mark Rothko Max Weber and Ruth Weisberg Baigell directly confronts their Jewish identity as a religious cultural and psychological component of their lives and explores the way in which this influence is reflected in their art Drawing upon their common heritage Baigell reveals the different ways these artists responded to the Great Immigration the Depression the Holocaust the founding of the state of Israel and the rise of feminism Each artist s varied Jewish experiences have contributed to the creation of a visual language and subject matter that reflect both Jewish assimilation and Jewish continuity in ways that inform modern Jewish history and changes in present day America Offering a fresh examination of well known artists as well as long overdue attention to lesser known artists Baigell s incisive observations are indispensable to our understanding of the Jewish themes in these artists work Written in a lively and spirited prose this book is compulsory reading for those interested in modern American art and Jewish studies **R. R.B. Kitaj R. B. Kitaj, 1964 *Pictorial Narrative in the Nazi Period* Deborah Schultz, Edward Timms, 2013-10-31 This book investigates creative responses to the Nazi period in the work of three artists Felix Nussbaum Charlotte Salomon and Arnold Daghani focusing on their use of pictorial narrative It analyses their contrasting aesthetic strategies and their innovative forms of artistic production In contrast with the autonomous modernist art object their works were explicitly linked with the historical conditions under which they were produced the pressures of persecution and exile Conditions in the slave labour camps and ghettos in the Ukraine which shaped the paintings and drawings of Daghani are contrasted with the experiences of exile in Belgium and France which inspired Nussbaum and Salomon In defiance of conventional artistic practice they produced word image combinations that can be read as narrative sequences incorporating specific references to political events While there has been a wealth of literary philosophical and historical studies relating to the Holocaust aesthetic debate has developed less extensively This is the first comparative study of three artists who are only belatedly achieving recognition and the recent reception of their work is evaluated By identifying the aesthetic principles and narrative strategies underlying their work the book reassesses their achievement in creating new forms of modernism with an unmistakable political momentum This book was published as a special issue of *Word Image* The Collection of R.B. ,2008 R.B. Kitaj: Pictures from an Exhibition ,1970 *The Prints of R.B. Kitaj* Jane Kinsman,R. B. Kitaj,1994 R B Kitaj has emerged as one of the most independent minded and influential artists since his student days in the late 1950s producing an extraordinary body of work not the least have been his prints This study reveals that Kitaj s prints have functioned as a visual diary documenting the vicissitudes of an artistic life a life characterized by a constant search for new subject matter and new means by which to depict it Amongst other things The Prints of R B Kitaj explores Kitaj s collaborations and associations with some of the most gifted printers of today including Chris Prater Aldo Crommelynck and Stanley Jones It also demonstrates how he drew inspiration from some of the key figures in American modern literary life such as T S Eliot Ezra Pound Robert Creeley and Robert Duncan As a life long bibliophile Kitaj initially found the direct impetus for much of his art in books More recently however it is the images from his favourite artists which have proved influential Jane Kinsman s study is notable for its insight into Kitaj s print oeuvre Of equal importance is the light it sheds on the development of a complex artistic temperament In addition R B Kitaj himself has contributed over 30 Afterwords which appear throughout the text They form a running autobiographical commentary on his art and his life R. B. Kitaj R. B. Kitaj,1979 **Imperfect Fit** Allen Fisher,2016-11-15 Imperfect Fit is a dynamic study of the relationships between modern art and avant garde poetry from the 1950s to the present that provides fascinating glimpses into both Allen Fisher s remarkable work as a poet painter and critic as well as the state of avant garde aesthetics as a whole **Dialogues with Degas** Kathryn Brown,2023-12-14 Dialogues with Degas demonstrates the ongoing relevance of Edgar Degas to 20th and 21st century ideas and art practices The first in depth examination of this major artist s impact on contemporary art this book explores how contemporary practitioners have used Degas s creativity as a springboard to engage imaginatively and critically with themes of colonialism gender race and class Individual chapters are devoted to dialogues between Degas s art and works produced by Frank Auerbach Cecily Brown Xinyi Cheng Ryan Gander Maggi Hambling Damien Hirst Howard Hodgkin Chantal Joffe Leon Kossoff R B Kitaj Juan Mu oz Paula Rego Jenny Saville Yinka Shonibare Cy Twombly and Rebecca Warren Through close analyses of selected paintings drawings prints and sculptures Kathryn Brown explores how Degas s technical and compositional experiments have been extended or challenged in innovative ways By experimenting with the materials and methods of existing works contemporary artists generate visual palimpsests that make new demands of the viewer and prompt a reconsideration of ideas that have informed histories of 19th century French art The book overturns familiar conceptions of influence by eschewing a genealogical approach and prioritizing instead the analysis of non linear encounters between artworks This encourages a new conception of the agency of visual artefacts and of the conversations they are capable of entertaining with each other While this study sheds new light on Degas s art and that of his interlocutors it also has methodological significance for the writing of art history **Artist File** R.
