**Handbook of Biblical Prophecy** Carl Edwin Armerding,W. Ward Gasque,1978 **The Scroll with Seven Seals** Mary E. Lewis,2016-08-24 The scroll with seven seals is about CHOICES between good and evil The first four seals on the scroll offer those choices Unfortunately the focus of other prophecy commentators is on the evil of what they think the four horsemen represent They missed what the angel introducing them represents Put the two together and you have the choice between good and evil Understanding prophecy and the scroll isn't a mystery It just takes a desire to learn from YaHavah and the Bible This little book is a booster to get you started **Critical and Exegetical Hand-book to the New Testament** Heinrich August Wilhelm Meyer,1884 The Popular Handbook on the Rapture Tim LaHaye,Thomas Ice,Ed Hindson,2012-05-01 Why is there so much confusion about how and when the rapture will take place What does the Bible say for certain about this event When will the Tribulation occur and who will face it There is a lot of discussion among Christians about the rapture and the last days Why all the different views And how do those perspectives line up with Scripture Tim

LaHaye and Thomas Ice have assembled a team of longtime Bible prophecy experts who look carefully to God's Word for the answers. In this book, readers will discover what they can know for certain. And as they consider the things that still remain uncertain, they will gain a renewed trust that God knows what He is doing. His plan is perfect, and it will unfold in His timing. An easy-to-understand resource that provides much-needed clarification about the end times. **Christ Jesus, the True Israel** Brent E. Parker, 2024-01-11. What is the relationship between the nation of Israel, Jesus Christ, and the church? Pastors and theologians come to significantly different conclusions. The reigning systems of evangelical theology, covenant theology, and dispensationalism answer this question by stressing the continuity of the Israel church relationship, covenant theology, or emphasizing discontinuity, dispensationalism. In more recent times, progressive covenantalism has emerged as a *via media* between these two theological approaches by providing a different proposal for unpacking the biblical covenants and by highlighting that to rightly understand the people of God in biblical theology, the person of Jesus Christ must be the focal point. In *Christ Jesus, the True Israel*, Brent E. Parker presents the case for the importance of typology in this debate, arguing that national Israel is a type, not unlike other Old Testament types (e.g., the sacrificial system, the temple, etc.) that reaches its antitypical fulfillment in Jesus Christ. Moreover, the Israel church relationship is also typological, but only through Christ. Parker demonstrates that the progressive covenantal approach is a viable system of theology that seeks to preserve what the whole Bible says regarding the people of God, from Israel to Christ and from Christ to the church. *The Oxford Handbook of the Prophets* Carolyn Sharp, 2016-09-01. This volume engages the cultural norms and theological convictions of ancient Israel in the shadow of the Egyptian, Babylonian, and Persian empires. Essays explore ancient Near Eastern historical contexts, interpret prophetic narratives and poetry, offer feminist, materialist, and postcolonial readings, and more. Indispensable for scholars and students of the prophets.
