To the left, a scholar with a white beard and turban, wearing a blue patterned robe, stands holding a staff. In the foreground, a woman in a red patterned dress is seated, holding a scroll. To her right, another scholar with a white beard and turban, wearing a brown robe, is seated and gesturing with his hands. On the far right, a woman in a purple patterned dress is seated, also holding a scroll. The floor is covered with various items, including books and small objects. The overall style is reminiscent of traditional Middle Eastern miniature painting.

Prophets, Poets and Priests Sterling Fishman,1960      **"The Place is Too Small for Us"** R. P. Gordon,1995 The title of this volume is of course taken from 2 Kgs 6 1 where the prophetic group about Elisha point out that their accomodation is too cramped It seemed an apt comment on the capacity of any proposed volume to house and adequate representation of the work that has recently been done on Israelite prophecy To this I now have to add the all too ironic confession that the so called pre classical prophets including Elisha and his colleagues could not be accomodated in the present volume Let no one complain about being misled by the subtitle when the title is so honest there are thirty six items of varying legnth and they divide almost equally between journal articles and excerpts from volumes some of thes of composite authorship Naturally they represent one individual s selection from within his personal reading and this itself accounts for only a fraction of the vast scholarly output on the prophets whether since 1875 or since 1975 It will be apparent at several places in the volume that I take with great seriousness the study of Near Eastern non Israelite prophecy as background to the Israelite phenomenon so that the first short section The Near Eastern Background was unavoidable Editor s preface      **Prophet of Community** Eugene Lunn,2023-11-10 Gustav Landauer literary critic mystical philosopher and left wing activists was Germany s major anarchist thinker at the beginning of the twentieth century In this full scale intellectual biography Lunn depicts the evolution of Landauer s social thought a rich terrain within which to examine afresh some intellectual crosscurrents of the Wilhelmian era Landauer s work in the various circles and movements of his social milieu after 1900 including anarchist youth movement expressionist and Zionist groups reveal a convergence of volkisch and communitarian ideas with libertarian forms of socialist democracy The study of this kind of romantic socialism in revolt against both industrial modernity and authoritarian government highlights the inadequacy of viewing volkisch themes exclusively in terms of Nazi roots What emerges from this study is the appeal of antiauthoritarian and communitarian ideas for middle class Left intellectuals dissatisfied with the official Social Democratic Party In the light of the tragic failures of democratic and socialist forces to gain middle class support during the Weimar Republic and of the Nazis antidemocratic uses of Gemeinschaft this earlier search for a communitarian democracy gains in importance This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1973      **Modern Poet**
