Paths to Contemporary French Literature John Taylor, 2011-12-31 The first volume of Paths to Contemporary French Literature offered a critical panorama of over fifty French writers and poets With this second volume John Taylor an American writer and critic who has lived in France for the past thirty years continues this ambitious and critically acclaimed project Praised for his independence curiosity intimate knowledge of European literature and his sharp reader's eye John Taylor is a writer critic who is naturally skeptical of literary fashions overnight reputations and readymade academic categories Charting the paths that have led to the most serious and stimulating contemporary French writing he casts light on several neglected postwar French authors all the while highlighting genuine mentors and invigorating newcomers Some names Patrick Chamoiseau Pascal Quignard Jean Philippe Toussaint Jean Rouaud Francis Ponge Aimé Césaire Marguerite Yourcenar J M G Le Clézio may be familiar to the discriminating and inquisitive American reader but their work is incisively re-evaluated here The book also includes a moving remembrance of Nathalie Sarraute and an evocation of the author's meetings with Julien Gracq Other writers in this second volume are equally deserving authors whose work is highly respected by their peers in France yet little known in English speaking countries Taylor's pioneering elucidations in this respect are particularly valuable This second volume also examines a number of non-French originally non-French speaking writers such as Ghassam Karim Luca Petr Král Armen Lubin V nus Ghouria Khata Piotr Rawicz as well as Samuel Beckett who chose French as their literary idiom Taylor is in a perfect position to understand their motivations struggles and goals In a day and age when so little is known in English speaking countries about foreign literature and when so little is translated the two volumes of Paths to Contemporary French Literature are absorbing guides for literary scholars writers poets students of French culture and readers of contemporary fiction and poetry

L'écriture du bonheur dans le roman contemporain Ruth Amar, 2011-01-18 Through the ages the pursuit of Happiness has been at the heart of the needs and desires each individual would seek to fulfill while as a concept Happiness has always resonated strongly in poetic as well as philosophical sociological and psychological contexts But what about Happiness today in a world dominated by technology driven by productivity and dictated by efficiency Does Happiness still feature in contemporary fiction in any significant way Or has it perhaps gone underground adopting different guises Would we still call that duty of happiness that Pascal Bruckner saw as present at the second half of the twentieth century a relevant force today Or has it waned perceptibly The articles brought together in this volume seek to work out answers to these and similar questions creatively addressing the imminent risks but also eagerly following up the intriguing possibilities one encounters when interrogating Happiness in the contemporary novel Originally based on an international conference organized at the University of Haifa Israel in May 2010 the volume is structured around the axes we found useful as a basis for the various approaches towards Happiness in Europe and the historical and social events that influenced the writing of Happiness as they defined the 20th century and have impacted on

the 21st the Holocaust the Soviet dystopia consumerism postmodernism everyday life the various as yet unarticulated new modes of life they have given rise to and so on A new writing of happiness then At the very least this volume targets the contemporary novel without wanting to solidify works instead taking into account the fluctuations Happiness has been subjected to and the diversity and especially the paradoxes it has created while we have been keen to preserve a precise reading of the texts and have felt compelled to respect and preserve the particular features that make the writings of the authors we focus on stand out Th me philosophique aussi bien que po tique sociologique et psychologique le bonheur s difie la mesure de chacun N est il pas vrai que nous autres hommes nous d sirons tous tre heureux Platon Or dans notre monde actuel domin par la technique la recherche outrance du productif et de l efficacit qu en est il du bonheur Est il encore pr sent aux critiques romanesques contemporaines Sous quelles formes se pr senterait sa recherche Ce devoir de bonheur propre la deuxi me moiti du XXe si cle dont parle Pascal Bruckner continue t il toujours tre d actualit S est il renforc ou au contraire s est il affaibli Le projet d un questionnement du bonheur dans le roman contemporain comportait de gros risques mais il offrait en m me temps des possibilit s stimulantes A la suite du colloque international organis l universit de Ha fa en mai 2010 les textes r unis dans ce livre cherchent laborer des l ments de r ponse ces questions Le volume offre un tat des lieux du bonheur dans le roman depuis 1980 et pr sente une large diversit d approches de d finitions d interrogations sur l critique du bonheur sur trois d cennies Le recueil s articule autour d axes qui ont servi de base aux diff rentes approches du bonheur en Europe et d v nements historiques et sociaux qui ont pu influencer l critique du bonheur aux diff rentes p riodes du XXe et XXe si cles telles que l Holocauste la dystopie en Russie le postmodernisme et le consum risme le quotidien les diff rents paradoxes du bonheur les nouveaux modes de vie Nouvelle critique du bonheur Du moins ce volume vise t il le contemporain sans figer les uvres tout en tenant compte des fluctuations du sujet de sa diversit de ses paradoxes surtout tout en conservant la lecture pr cise des textes et en respectant la particularit de l critique des auteurs trait s
