## Move Among Stars:

**Modernism's Whims** Beci Carver, 2026-02-03 Thomas Hardy asks of the ghost stalking him Whither O whither will your whim now draw me Immediately tripping up on its own laid out comma then pausing to howl theatrically and hedging its bets with a stuttering archaic whither that sceptically hovers between where and whether this line has already begun to worry about where it is going or being whim drawn On the other hand it enjoys its worry over performs the conundrum It is a whim addressing a whim Beci Carver's *Modernism's Whims* is a book about whims their tyrannies arbitrariness ultimate frivolity how they may feel urgent for all their lightness while still letting you play letting you go letting you off the hook The book is at once a meditation on the whim as a phenomenon and an endeavour to track the specific albeit necessarily intangible literary whims of four modernist writers Hardy T S Eliot William Empson Elsie Elizabeth Phare Moving counter to the otherwise professionalised spirit of modernism these literary whims and their author sponsors are imagined to occupy a fugitive position within the broader movement their progress dangerously silly Carver situates modernism after whim's Golden Age in the mid nineteenth century at a literary historical moment when authors were expected to know what they were about Hardy's stalker ghost is on the run **Cassell's New Popular Educator**, 1920 [Astronomy by Observation](#) Eliza A. and regret They accept their mistakes which led to the massive bloodshed of Mahabharata and a question arises in each character s mind could they stop this war And if they could why did they not attempt to stop it
