

ALEXANDRA TRAINING HOME FOR DOMESTIC SERVANTS.

IN

It was pointed out at a recent meeting of the Union that there were plenty of girls in Victoria ready to become domestic servants under certain conditions. Of course the aspiring servants will be allowed to choose their own conditions, but their prospective mistresses think one essential condition is their complete conversion. The conversion is to be brought about by passing them through a training institution.

OUT

ON WEDNESDAY.

MISTRESS.— Oh, there you are, Mary Ann. I want you particularly. You know it is my day at home?

MAID.— I'm very sorry, but you'll have to change it, ma'am. Wednesday is my day at home.

"I don't think you'll prevent the girls sticking out for suitable conditions." "I can't wash clothes," says Mary Ann. "That's all right; washing is sent out," replies the mistress. "I can't iron." "Ironing is sent out." "I can't scrub." "We have a woman in." "I can't look after children." "Oh— chips in the master." "We have two, but we can kill them."

THE LADY OF THE HOUSE.— Have you seen my husband? Ah, there you are, John. I want you to come with me. John. I want you to come with me. You can't have him.

THE SERVANT.— Well, you can't have him, ma'am. It's the servants' picnic to-day, and I want him to carry this basket.

MISTRESS.— Why, Susan, those are my things you have on? "Yes, mum. I engaged to be a servant under suitable conditions, and the privilege of wearing your clothes is one of them conditions."

MISTRESS.— "What, not satisfied, Jane? Why, we do all the work." "MAID.— "Yes, ma'am, but you don't do it well enough for me."

The structure of government and the challenge of climate change Great Britain: Parliament: House of Commons: Environmental Audit Committee, 2007-10-29. The Committee's report finds that over the past decade the Government has failed to rise fully to the domestic challenge of climate change and its likely failure to reach its domestic target on reducing carbon dioxide emissions will have a damaging impact on the UK's international leadership role in reaching a post-Kyoto agreement. Although the Government has introduced some new arrangements for co-ordinating climate change policy more effectively across Whitehall, the scale of the challenge and the complexity involved in radically restructuring the economy to bring about the needed emission reduction targets requires further changes. There is a need for a strategic review of Government action to ensure that the leadership and responsibility for the development and delivery of climate change mitigation and adaptation policies is clear, as well as a new long-term policy framework to ensure that policies introduced today do not undermine our ability to reduce emissions in the future. The Committee also recommends that a new and authoritative body be established within the Cabinet Office to drive forward policy and to diminish the potential for a conflict of objectives between departments.
