English Houses 1300-1800 Matthew H. Johnson, 2014-06-11 Houses are more than a shelter from the elements they also offer an unparalleled insight into the beliefs ideas and experiences of the people who built and lived in them In this engaging book Matthew Johnson looks at the traditional houses that still exist throughout the English countryside and examines the lives of the ordinary people who once occupied them His wide ranging narrative takes in the medieval hall and the community it framed the rebuilding and improvement of houses in the sixteenth and seventeenth centuries and the rise of the Georgian Order in both architecture and eighteenth century culture This passionate book is animated by the conviction that old houses are much more than just pretty tableaux of an idyllic unchanging rural England Vernacular houses are compared to their larger polite counterparts and English houses are placed in the wider context of the British Isles and the Atlantic world beyond The result is a dynamic compelling account of the development of houses in the English countryside and through this a portrait of changing patterns of social life from medieval to modern times Richly illustrated throughout with photographs and drawings this book will be of interest to anyone who wants to understand the significance of our built

heritage and the historic landscape English Medieval Industries John Blair,W. John Blair,Nigel Ramsay,1991-01-01
English Medieval Industries is an authoritative modern survey of medieval crafts and their products It is heavily illustrated by pictures of surviving objects and contemporary representations of medieval work Each industry is approached by material amongst others stone tin lead copper iron brick glass leather bone and wood discussing its acquisition working and sale as a finished product The contributors are the leading experts in their fields They describe the specialist work that went to make the housing clothing tools vessels and ornaments of medieval people A general bibliography provides a valuable reference tool *Buildings in Society: International Studies in the Historic Era* Liz Thomas,Jill Campbell,2018-05-31 This book presents a series of papers reflecting the latest approaches to the study of buildings from the historic period This volume does not examine buildings as architecture rather it adopts an archaeological perspective to consider them as artefacts reflecting the needs of those who commissioned them Newcastle and Northumberland Jeremy Ashbee,2024-11-01 This book is an outcome of the summer conference on the theme Newcastle and Northumberland It examines the heritage of north eastern England ranging from the sculpture of the Roman occupation through the monuments and architecture of the Anglo Saxon and Norman periods **The Archaeology of Buildings** Richard K. Morriss,2000 The study of buildings whether out of sheer interest or to assist planning decisions is a branch of archaeology which is distinct from both archaeology and architectural history yet allied to both This book begins by providing background information about studying the basic materials used in a building s construction such as stone brick or timber framing The author explains how various clues left by the builders can add to the historic background and use of the site and explains how all these strands of information can be woven together to produce a detailed understanding of how any building has developed over the years Over 100 illustrations and two invaluable appendices typical examples of buildings and an illustrated glossary of terms complete a handbook that has long been needed by professionals and amateurs alike **An American Dictionary of the English Language** Noah Webster,1895 **The Premier Dictionary of the English Language** E.
