Oman Political Development In A Changing World:

Oman Carol Riphenburg, 1998-02-18 The Sultanate of Oman overlooks one of the most strategic waterways in the Middle East the Strait of Hormuz Sharing the guardianship of the Strait with Iran Oman's position is of key importance to the security of the entire Gulf which holds a large portion of the world's oil resources In a 1970 palace coup Sultan Qaboos ibn Sa'id overthrew the repressive and reclusive rule of his father and embarked on a program of modernization Oman became one of the success stories of the developing world instituting a modern educational system creating a modern infrastructure becoming an oil exporter and constructing an elaborate social welfare system Today the country faces a host of challenges Oman cannot defend itself from hostile neighbors without assistance Restructuring Omani society and the economy present even greater difficulties Moreover change must occur at a time when Islamic movements pose a significant political threat and oil income is not sufficient to meet the country's social and economic needs Professor Riphenburg has provided a survey that will be invaluable to all students and researchers of the modern Middle East

Statebuilding and Counterinsurgency in Oman James Worrall, 2014-02-21 In the depths of the Cold War and in the wake of Britain's announcement of its intention to withdraw East of Suez by the end of 1971 Britain was faced with the stark reality of a Marxist rebellion in the Dhofar province of Oman This rebellion whose explicit aim was to liberate the oil rich Gulf region confronted the British with the challenge of securing a political order in Oman conducive to protecting Britain's remaining interests in the midst of its military withdrawal from the region State Building and Counter Insurgency in Oman offers a nuanced picture of Britain's response to the challenges posed by this withdrawal through an examination the complex Anglo Omani relationship at this vital juncture in Middle East and Imperial History James Worrall offers an examination of how officials in London and the Gulf defined British interests in Oman and the debates that raged throughout Whitehall under the successive governments led by Wilson and Heath about how to best tackle the growing insurgency in Oman The means by which this challenge was to be met including the extent of both overt and covert support for the Sultan in the post Suez era posed a number of challenges for decision makers in Whitehall The military economic and diplomatic assistance given to the Omani government to re-establish Sultanate control and crush the rebellion in Dhofar is thus analysed within the context of a complex balancing act as British politicians and officials tried to reconcile their attempts to create effective and centralised Omani administration and security bodies whilst maintaining the image of strategic withdrawal and the sovereign independence of Oman Drawing extensively from newly released archival records and interviews with former officials and high ranking officers this book provides a systematic re-examination of the Anglo Omani relationship during the critical years of Oman's transformation into a modern state It will therefore provide vital information and analysis for students and researchers of Middle East History and Politics the decline and end of empire and the policymaking processes at the heart of an imperial and military withdrawal

Oman's Transformation after 1970 J.E. Peterson, 2024-06-03 Oman's 1970 coup

launched a new political and economic structure that was created by and for Sultan Qaboos The initially haphazard construction matured into a durable structure that continues under Sultan Haitham This work details the early construction of the Qabusid state in the 1970s 1980s emphasizing the interplay between personalities and the process of institutionalization The narrative continues to the present demonstrating the resilience of the Qaboosid system **Oman Under Qaboos** Calvin H. Allen, W. Lynn Rigsbee II, 2014-01-14 This is an examination of the political economic and social development of Oman from the accession Sultan Qaboos in a palace coup in 1970 to the promulgation of the basic law of 1996 The book argues that the sultanate does not follow the rentier model but the patriarchal tradition **Community and Autonomy in Southern Oman** Marielle Risse, 2019-06-21 This book explores how there is latitude for people to make their own choices and how the chances to assert independence change over time in a Muslim Arab tribal culture The book first gives a brief overview of day to day life in the Dhofar region of southern Oman then focuses on how the traits of self control and self respect are linked in the everyday actions of several groups of tribes who speak Gibali Jibbali also known as Shari eret a non written Modern South Arabian language Although no work can express the totality of a culture this text describes how Gibalis are constantly shifting between preserving autonomy and signaling membership in family tribal and national communities The work reflects observations and conclusions from over ten years of research into the history and culture of the Dhofar region along with longstanding deep involvement with both men and women in the Gibali community **Oman Reborn** Linda Pappas Funsch, 2015-12-29 The Sultanate of Oman is one of the few good news stories to have emerged from the Middle East in recent memory This book traces the narrative of a little known and relatively stable Arab country whose history of independence legacy of interaction with diverse cultures and enlightened modern leadership have transformed it in less than fifty years from an isolated medieval style potentate to a stable dynamic and largely optimistic country At the heart of this fascinating story is Oman s sultan Qaboos bin Sa id friend to both East and West whose unique leadership style has resulted in both domestic and foreign policy achievements during more than four decades in office Exploring Oman from a historical perspective Funsch examines how the country s unique blend of tradition and modernization has enabled it to succeed while others in the region have failed Accounts of the author s own experiences with Oman s transformation add rich layers of depth texture and personality to the narrative *Cultivating the Past, Living the Modern* Amal Sachedina, 2021-09-15 *Cultivating the Past Living the Modern* explores how and why heritage has emerged as a prevalent force in building the modern nation state of Oman Amal Sachedina analyses the relations with the past that undergird the shift in Oman from an Ibadi shari a Imamate 1913 1958 to a modern nation state from 1970 onwards Since its inception as a nation state material forms in the Sultanate of Oman such as old mosques and shari a manuscripts restored forts national symbols such as the coffee pot or the dagger khanjar and archaeological sites have saturated the landscape becoming increasingly ubiquitous as part of a standardized public and visual memorialization of the past Oman s expanding heritage

industry exemplified by the boom in museums exhibitions street montages and cultural festivals shapes a distinctly national geography and territorialized narrative But Cultivating the Past Living the Modern demonstrates there are consequences to this celebration of heritage As the national narrative conditions the way people ethically work on themselves through evoking forms of heritage it also generates anxieties and emotional sensibilities that seek to address the erasures and occlusions of the past
