*King Lear by William Shakespeare Illustrated* William Shakespeare,2021-08-21 Shakespeare s King Lear challenges us with the magnitude intensity and sheer duration of the pain that it represents Its figures harden their hearts engage in violence or try to alleviate the suffering of others Lear himself rages until his sanity cracks What then keeps bringing us back to King Lear For all the force of its language King Lear is almost equally powerful when translated suggesting that it is the story in large part that draws us to the play The play tells us about families struggling between greed and cruelty on the one hand and support and consolation on the other Emotions are extreme magnified to gigantic proportions We also see old age portrayed in all its vulnerability pride and perhaps wisdom one reason this most devastating of Shakespeare s tragedies is also perhaps his most moving

L. Goldberg,1974-04-25 Professor Goldberg offers a reading of King Lear that avoids the pitfall alternatives of idealism moralism absurdism and redemptionist sentimentality He sees the play as a challenge to our moral sense and our need for a feeling of natural justice but as undercutting all easy answers That it does not permit them is one of its main points The essay traces a developing response to the whole of the action as it proceeds making no premature judgments It springs from a considered sense of what a poetic drama is and how it works especially how it presents character and how the views of the characters relate to the whole intention of the play and the author s own vision of life Many readers are likely to think this the most satisfactory attempt they have yet read to do justice to this great play because Professor Goldberg responds to it with intelligence and sensitivity because he does not impose a ready made meaning on it and because he has thought about Shakespearean drama in a way which makes this brief book a distinct stage in the history of criticism since Bradley and Wilson Knight *On King Lear, The Confessions, and Human Experience and Nature* Kim Paffenroth,2021-05-20 Augustine s Confessions and Shakespeare s King Lear are two of the most influential and enduring works of the Western canon or world literature But what does Stratford upon Avon have to do with Hippo or the ascetical heretic fighting polemicist with the author of some of the world s most beautiful love poetry To answer these questions Kim Paffenroth analyses the similarities and differences between the thinking of these two figures on the themes of love language nature and reason Pairing and connecting the insights of Shakespeare s most nihilist tragedy with those of Augustine s most personal and sometimes self condemnatory sometimes triumphal work challenges us to see their worldviews as more similar than they first seem and as more relevant to our own fragmented and disillusioned world *Shakespeare's Tragedy of King Lear* William Shakespeare,1881
