Problems And Perspectives In Religious Discourse:

Problems and Perspectives in Religious Discourse John Grimes (Ph. D.), 1994 [Problems and Perspectives in Religious Discourse](#) John A. Grimes, 1994-01-01 Religious discourse uses ordinary language in an extraordinary way This book surveys Western and Indian discussions of the nature and aspects of religious discourse It presents the first cross cultural elucidation of Advaita Vedānta as religious discourse **Platforms, Algorithms and AI: issues and hypotheses in the mediatization perspective** Jairo Ferreira, Bernard Miège, Ilya Kiriya, Ada C. Machado da Silveira, Aline Roes Dalmolin, Isabel Löfgren, Heike Graf, Pedro Gilberto Gomes, Antônio Fausto Neto, Viviane Borelli, Ana Paula da Rosa, Mario Carlón, Göran Bolin, Lucrécia D'Alessio Ferrara, José Luiz Braga, 2024-12-25 This book is one of the results of the V International Seminar on Mediatization and Social Processes held in 2022 at UFSM The e book edition of the Debate Panels from the V Seminar is available not only at the collection of the project <https://www.midiaticom.org/e-books> but also of FACOS UFSM <http://www.ufsm.br/editoras/facos/publicacoes> The works from the WG unfolded in two bibliographic productions available at the OJS platform with ISBN a Expanded abstracts 142 <https://www.midiaticom.org/anais/index.php/seminario/mediatizacao/resumos/issue/view/16> Full articles 33 <https://www.midiaticom.org/seminario/mediatizacao/anais/de/artigos/do/v/seminario> In five editions these publications were accessed by 102 thousand researchers and users worldwide In epistemological methodological and empirical research terms the V Seminar adds to the important collection for doctors masters and undergraduate s research besides serving as reference to the interlocutions of researchers involved in the research lineage in which it stands according to what the metrics show 166 listeners 119 expositors in 12 working groups 388 certificates emitted by UFSM MIDIATICOM We reiterate our acknowledgment to CAPES FAPERGS CNPq and STINT Sweden for the financial aid essential to the viability of this proposal of conversation based on the theoretical and empirical research conducted by its participants All of this would be impossible without the endorsement of POSCOM and UFSM and the collective work of the Organizing Committee and Midiaticom A hug of gratitude **Religion and Social Problems** Titus Hjelm, 2011-01-21 Although students and scholars of social problems have often acknowledged the role of religion no thorough examinations of the relation between the two have emerged This volume fills this gap by providing a definitive work on the role of religion in assessing constructing and solving social problems Contributors chart the relation between religion and social problems exploring such case studies as the impact of religion on drugs and alcohol use among Muslims the rising importance that religion is given in social policy the role of the Orthodox and Catholic churches in tackling social problems in post communist East Europe and the contested role of religion in the national and international politics of contemporary Japan Religion and Social Problems is a broad and path breaking contribution to the fields of sociology of religion sociology of social problems and religious studies [Religion and Modernity](#) Detlef Pollack, Gergely Rosta, 2017 This is not a book that provides a new integrated theory of religious change in modern societies but rather one that develops theoretical elements that contribute to the understanding

of some contemporary religious developments Most of the approaches in sociology of religion are prone to emphasize either processes of religious decline or of religious upswing For example secularization theory usually includes a couple of relevant factors such as functional differentiation economic affluence or social equality in order to account for religious change However the result of such a theory's empirical analyses seems to be certain in advance namely that the social relevance of religion is decreasing In contrast the religious market model devised by sociologists of religion in the US is inclined to detect everywhere processes of religious upsurge Religion and Modernity An International Comparison avoids a purely theoretically based perspective on religious changes For this reason Detlef Pollack and Gergely Rosta do not begin with theoretical propositions but with questions The authors raise the question of how the social significance of religion in its various facets has changed in modern societies and explain what factors and conditions have contributed to these changes *Philosophy East & West*, 1994 Panentheism and Concepts of God in African Traditional Religions Emmanuel Ofofusa, 2026-01-01 This book offers a bold re-examination of how African spirituality and religion are understood challenging centuries of misrepresentation shaped by colonial and Abrahamic thought It argues that describing African religions through any form of modified monotheism whether implicit diffused or accommodated distorts their true nature and philosophical depth Critiquing both colonial and postcolonial scholarship the author shows how figures such as John Mbiti Bolaji Idowu John Bewaji Thaddeus Metz Motsamai Molefe and Kirk Lougheed remain confined by Abrahamic categories that obscure African metaphysical perspectives Drawing on the ritual systems and spiritual knowledge of six major Afro-religious traditions Kemet Yoruba Anlo Ewe Igbo Akan and Shona the book advances panentheism a non-Abrahamic monotheistic framework as the most accurate model for understanding African religions Combining philosophical analysis with ethnographic insight it redefines the conceptual vocabulary for African religious scholarship resolving long-standing debates and demonstrating the value of thick description for studying African religiosity An original contribution to African philosophy religious studies and decolonial theory this book reshapes how African spirituality is to be studied and understood **A Global Guide to Interfaith** Sandy Bharat, Jael Bharat, 2007 This book introduces the when why who how and what of interfaith It is illustrated with personal reflections and photos from more than ninety interfaith and academics from around the world reading like a Who's who of the movement **Bibliographic Guide to Psychology** New York Public Library. Research Libraries, 1994 **The Cumulative Book Index**, 1995 A world list of books in the English language Religious Perspectives and Problems Allen V. Eikner, 1980 This book of readings is arranged and edited with the beginning student in the philosophy of religion in mind It does not deal with certain technical and highly specialized problems which are of interest to the advanced student The articles have been chosen because of their deep insight into some of the more basic and general problems in the philosophy of religion and because of their clarity of explanation **Index to Book Reviews in Religion**, 1999 *Buddha-nature, Mind, and the Problem of Gradualism in a Comparative Perspective* David Seyfort Rugg, 1992

The Rhetorics of Thomas Hobbes and Bernard Lamy John T. Harwood, 1986 Annotation Makes accessible to modern readers the 17th century rhetorics of Thomas Hobbes 1588-1677 and Bernard Lamy 1640-1715 Hobbes A Briefe of the Art of Rhetoric the first English translation of Aristotle's rhetoric reflects Hobbes sense of rhetoric as a central instrument of self defense in an increasingly fractious Commonwealth In its approach to rhetoric which Hobbes defines as that Faculty by which we understand what will serve our turne concerning any subject to winne beliefe in the hearer the Briefe looks forward to Hobbes great political works De Cive and Leviathan Published anonymously in France as De l'art de parler Lamy's rhetoric was translated immediately into English as The Art of Speaking Lamy's long association with the Port Royalists made his works especially attractive to English readers because Port Royalists were ensnared in a vicious quarrel with the Jesuits during the last half of the 17th century

The Problem of Religious Knowledge William T. Blackstone, 1963 This book is designed for those who have this concern and puzzlement though of course it offers no guarantee of resolving such puzzlement It is not designed to be a highly specialized and technical treatise in philosophy of religion but one which can be read and appreciated by students and educated laymen It has two specific purposes that of providing a clear picture of development in contemporary philosophy and the impact of these developments in philosophy of religion and that of systematically exploring the question Is there religious knowledge Contemporary philosophy is used as a point of reference for devising a framework within which this question can be answered Space limitations have forced an all too brief treatment of some positions Such brevity tends to distort but I have made efforts to avoid such distortion Author's Preface

Philosophy and Religion: Some Contemporary Perspectives Jerry H. Gill, 1968 Generally speaking there are three ways of approaching the philosophical consideration of religion There is to begin with the historical approach which

seeks to trace the development of religious questions and theories through their long ancestry Secondly there is the topical approach which organizes the main themes of religious philosophy according to logically ordered topics and considers them one by one Thirdly there is the school of thought or perspectives approach which groups various contributions in the field according to a similarity of method and or content *Religion in Planetary Perspective* William W. Mountcastle,1978 The focus of the present essay is religion the religion of humankind on planet Earth This is clearly a proper topic for religious studies but as our intention is to employ categories of critical analysis it will also be a philosophical and theological inquiry
