Mens Wives:

Men's Wives William Makepeace Thackeray, 2010-12-01 Born in Calcutta in 1811 William Makepeace Thackeray's earliest works were sharp satirical barbs written under a variety of pen names After struggling through a rocky start as an author Thackeray would go on to write several well loved novels including *Vanity Fair* *The Luck of Barry Lyndon* and *Catherine* In *Men's Wives* Thackeray turns his keen perception and cutting wit to the subject of romantic and not so romantic relationships *Men's Wives ; The Bedford-Row Conspiracy* William Makepeace Thackeray, 1900 **The Works of William Makepeace Thackeray: Catherine, a story. Men's wives. The Bedford-Row conspiracy** William Makepeace Thackeray, 1885 [What Women Want--what Men Want](#) John Marshall Townsend, 1998 Drawing upon 2 000 questionnaires and 200 intimate interviews with men and women this lucid and accessible new study reveals why the sexual psychologies of men and women are so different and so resistant to change **Forgotten Men and Fallen Women** Holly Allen, 2015-04-03 During the Great Depression and into the war years the Roosevelt administration sought to transform the political institutional and social contours of the United States One result of the New Deal was the emergence and deployment of a novel set of narratives reflected in social scientific case studies government documents and popular media meant to reorient relationships among gender race sexuality and national political power In *Forgotten Men and Fallen Women* Holly Allen focuses on the interplay of popular and official narratives of forgotten manhood fallen womanhood and other social and moral archetypes In doing so she explores how federal officials used stories of collective civic identity to enlist popular support for the expansive New Deal state and later for the war effort These stories she argues had practical consequences for federal relief politics The forgotten man identified by Roosevelt in a fireside chat in 1932 for instance was a compelling figure of collective civic identity and the counterpart to the white male breadwinner who was the prime beneficiary of New Deal relief programs He was also associated with women who were blamed either for not supporting their husbands and family at all owing to laziness shrewishness or infidelity or for supporting them too well by taking their husbands jobs rather than staying at home and allowing the men to work During World War II Allen finds federal policies and programs continued to be shaped by specific gendered stories most centrally the story of the heroic white civilian defender which animated the Office of Civilian Defense and the story of the sacrificial Nisei Japanese American soldier which was used by the War Relocation Authority The Roosevelt administration's engagement with such widely circulating narratives Allen concludes highlights the affective dimensions of U S citizenship and state formation **Loose Women, Lecherous Men** Linda LeMoncheck, 1997 The author discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women's sexuality and shows how a feminist epistemology and ethic can advance the dialogue in women's sexuality across a broad political spectrum **What Men Owe to Women** John C. Raines, Daniel C. Maguire, 2001-01-11 Men from a wide range of traditions discuss gender justice in world religions *Journals of the House of Commons* Great Britain House of
