**RE** Urgent Meeting

Memos are documents for communicating with people within businesses and offices. They often contain short messages and announcements, formatted according to a certain style that the company has determined. If you're writing your own, it's best to remember the purpose of your memo. Like letters, there are plenty of reasons behind writing a memo.

They can be used to deliver information, make a request, respond to questions, propose solutions to problems, or present brief reports. Memos often begin with a set number of text fields to identify the recipient's and sender's names, the date, and the subject.
