**Launch Your Online Course Successfully** Linda Pretorius, 2021-02-25 Many people are moving over to online courses and remote learning to grow their intelect and to help them in their education According to Suddenly Online an online survey found that almost half of college students had never taken an online course prior to the pandemic in 2020 Over the last 6 months though the use of online courses has increased by 57% since all universities transitioned to remote learning during the Spring 2020 semester Even as the pandemic settles down though it is expected that the prominence of online learning will remain This is a shocking increase in online learning that proves the importance of online course options in the modern world Creating Online Courses is Profitable On top of the numerous benefits for students that come with online learning creating online courses can have great benefits for the creators too The reason for this is that online course creators can charge for their courses resulting in an increased income In fact most online course creators make anywhere from 1 000 to 5 000 a month and some even make more than that Anyone can create a course no matter what niche you are in or expertise you have There are courses on building better habits to becoming a better hockey player Courses on getting out of toxic relationships or recovering from hurt or pain Even courses on how to do certain things to save more time like house cleaning with less hassle Unfortunately creating an online course can be difficult if you have never done so before As a result many people are

deterred from creating their own courses Why Most Fail Trying To Create an Online Course The reason that many people find creating an online course difficult is that it requires some technical know how There are a lot of moving pieces when it comes to creating an online course You must be able to research topics use course platforms create lessons upload lessons and videos use video editing software and utilize email marketing and social media For people unfamiliar with this sort of work the thought of creating an online course can be stressful Thus they are discouraged from tackling the project of creating an online course I ve Got The Solution For You Knowing the best online tools and marketing techniques are the keys to creating a financially successful online course Many people assume that they have to be well versed in technology before starting the project which causes them to put off creating their online courses But that is simply not true In contrast anyone from a beginner to an experienced marketer can create a successful online course You just have to know the best beginner friendly tools to help you get started Once you discover these tools and tips you will be able to create your online course in no time Very few people know about these beginner friendly tools and tips though which is why we have created this detailed and informative guide about launching your online course With this guide you will gain key insights on course design creation editing and launching Allow me to introduce to you LAUNCH YOUR ONLINE COURSE Is a step by step guide that helps you turn your knowledge passion and skills into online courses to reach more people and create passive income Who this book is not for If your primary purpose to create online courses is just to make money then this book is not for you In this book I m teaching you different ways of presenting your online course but you are going to be part of your students all the time and every step of the way Your course becomes your business and if your primary purpose is not helping people then this book is not for you People before profits

AI features in ways that are realistic, auditable, and sustainable. Design stable course shells with the right settings, term dates, navigation, and home pages. Structure content with modules, pages, assignments, discussions, quizzes, and Mastery Paths that students can follow without confusion. Use Gradebook, SpeedGrader, rubrics, outcomes, and the Learning Mastery Gradebook to make grading transparent and efficient. Turn New Analytics, engagement metrics, and early alert patterns into practical outreach plans for at-risk learners. Work with native AI features such as discussion summaries, rubric assistance, and intelligent insights while applying clear governance rules. Configure root accounts, subaccounts, roles, permissions, and feature options so instructors have power where it helps and not where it creates risk. Provision users, courses, sections, and enrollments with SIS CSV files, safe import strategies, rollback plans, and monitored SIS jobs. Automate tasks with the Canvas REST API using concrete examples for users, enrollments, courses, grades, and pagination-aware reporting. Use Canvas Data 2 and DAP with CLI tools and warehouse-friendly schemas to build institutional dashboards and early alert models. Manage LTI tools, AI extensions, developer keys, and scopes so integrations are secure, supportable, and aligned with privacy expectations. Run large enrollment courses, heavy gradebooks, and busy discussion spaces with patterns that protect performance and operational reliability. Embed accessibility, captions, alt text, course quality rubrics, and prepublish review processes into everyday teaching practice. The book also includes a professional setup checklist for new courses and terms along with practical support playbooks for SIS imports, authentication issues, LTI failures, Blueprint syncs, AI feature rollout, and other recurring operational incidents. Because it is a code-heavy guide, you get working CSV layouts, API calls, CLI usage, and SQL style warehouse patterns that translate directly into real Canvas automation and analytics projects in your own environment. Grab your copy today and build a Canvas ecosystem that supports teaching, analytics, and AI at a professional standard.

**How to Create an Online Course** Robert Musk, 2020-10-13. Are you ready to sell your first online course? We live in a fast world. Being able to include an important growth activity such as training within our days without necessarily having to give up obligations and needs could really make our life easier. Online training is accessible for everyone everywhere. Whether we are at home or in our favorite Internet Caf, all you need is a PC and an Internet connection to comfortably access online lessons, study, and at the same time enjoy the environment in which we find ourselves. This is why it is estimated that online learning will exceed 240 billion by 2021. You will learn: How to teach online, How to select a topic, How to test your idea by creating a Beta version of your course, The equipment and software you need, How to make your lessons motivating, How to monetize and launch your course, Several marketing strategies, And much more. It is now very easy to create and sell a course online thanks to the new platforms and tools available on the web. Once the course is created, you can resell it over and over again, and this will generate a passive income. Creating an online course can be the first step to change your life forever. I have read and met in person many online entrepreneurs who have gone from barely reaching the end of the month to making hundreds of thousands of dollars with their online business every year. But all that glitters is not gold. Success stories like

these as in the case of great sportsmen for example didn't come for a wish or a prayer but instead happen when a well designed action plan is followed by actual action I firmly believe that anyone in the world can successfully create a profitable online course they just have to do their best for themselves and their business
