

Best Sleeping Positions for Lower Back Pain

On Your Back

Placing a pillow or rolled towel beneath your knees helps them bend, keeping your spine naturally supported.

On Your Side

A pillow between your knees keeps your spine aligned with your neck, and not curving into the mattress.

In Fetal Position

Try this if you normally sleep on your stomach and experience chronic pain; it may relieve pressure on your lower back.

On Your Stomach

A last resort, alleviate pressure on spinal discs with a firm pillow beneath your pelvis, keeping spinal alignment in check.
