Raising Good Kids A Developmental Approach To Discipline

Kathryn Hammell Carpenter

Raising Good Kids A Developmental Approach To Discipline:

Raising Good Kids Louise Bates Ames,1993 From a foremost expert on child development comes welcome advice for parents on one of the toughest areas of raising kids discipline Relying heavily on the belief that child behavior develops in a highly patterned manner Ames outlines expected behavior for infants through ten year olds In a clear concise manner this helpful volume provides ground rules for children s mealtimes bedtimes chores household responsibilities and more **Your Six-Year-Old** Louise Bates Ames,Frances L. Ilg,2012-01-18 The six year old is a complex child entirely different from the five year old Though many of the changes are for the good Six is growing more mature more independent more daring and adventurous this is not necessarily an easy time for the little girl or boy Relationships with mothers are troubled most of the time Six adores mother but whenever things go wrong it s her fault It used to be at Five that she was the center of the child s universe now the child is the center of his own universe Parents need the expert advice of Drs Ames and Ilg during this difficult year to explain parent child relations friendships with peers what six year olds excel at how they see the world what it feels like to be entering the first grade Children need patience and understanding to help make this transition easier

The Power of Loving Discipline Karen Miles,2006 The sixth book in the series sponsored by Psychology Today magazine this authoritative and well written book follows in the series tradition of giving the reader a full overview of the hottest trend in parenting today positive discipline Beginning with the full discussion of the entire subject of discipline Miles leads the reader through the various styles of discipline from authoritarian to permissive and then on to the core subject positive discipline In an objective well researched manner The Power of Loving Discipline fully explains the nature of positive discipline its pros and cons how it can apply to actual parenting situations and why it is as important a parenting strategy as it has become today Much more than a simple how to parenting guide The Power of Loving Discipline gives the reader a fuller understand of the nature of this parenting strategy why it s important how it compares with other strategies and what it can mean to the reader herself

Raising Good Children Thomas Lickona,2012-05-02 Raising decent caring and responsible children is the most complex and challenging job in every parent s life and an increasingly difficult one in today s society Here is the most authoritative book available on this crucial subject a valuable and sensitive guide for parents who want their children to grow up with lifelong positive values Based on fascinating research this groundbreaking work by psychologist and educator Dr Thomas Lickona describes the predictable stages of moral development from birth to adulthood And it offers you down to earth advice and guidance for each stage Seven caring ways to discipline terrible twos Why your preschooler lies and how to handle it What to do about a four year old s back talk How to handle your seven year old s endless negotiations about what s fair Why teens have trouble with peer pressure and how to help them How to talk to your child about drugs drinking and sex How to help children of any age reason more clearly about what s right and wrong PLUS A list of more than one hundred children s books that teach moral values and much more An excellent book on a vastly neglected aspect of

raising children Dr Fitzhugh Dodson author How to Parent How to Father We have been waiting for a book like this for a long time a readable work that translates a moral development into parents language and experience Dolores Curran author of Traits of a Healthy Family Truly integrates a moral development theory into a consistent approach to childrearing Word of mouth recommendations from parent to parent may lift it to the level of popularity once held by Dr Spock s book on child care Moral Education Forum

The Parent's Journal Guide to Raising Great Kids Bobbi Conner,1997 The Parent s Journal Guide to Raising Great Kids is a comprehensive book of ingredients for raising children It is based upon Bobbi Conner s experience as a mother and upon the ten years of research and broadcast interviews Bobbi has conducted in putting together The Parent s Journal her award winning public radio show that reaches 1 4 million parents a week The Parents Journal Guide identifies the most important things every child needs in order to develop and thrive and presents easy everyday opportunities to meet these needs though the ordinary daily routine of parents and children Through over 700 in depth interviews on topics ranging from temper tantrums to kids in sports to baby s first words to homework hassles Bobbi has sifted through a vast assortment of parenting information to find the best tried and true parenting wisdom Each chapter of The Parents Journal Guide is formatted to include three distinctive accessible components What Kids Need Parent s Job Description and Everyday Opportunities and will include information targeting the different stages in your child s life

Subject Guide to Books in Print ,1993 Resources in Education ,1997 **Parents as Partners in Education** Eugenia Hepworth Berger,1995 **The Publishers Weekly** ,1999 Success! Success! Success! ,1995 The Parents' Resource Almanac Beth DeFrancis,1994 The author of The Writer s Guide to Metropolitan Washington Where to Sell What You Write now offers a book of resources for parents an all in one directory that lists telephone hotline numbers newsletters catalogs associations and more The only guide to nationwide parenting resources **Journal of Nursery Education** ,1992

Attached at the Heart Barbara Nicholson,Lysa Parker,2013-08-06 Attached at the Heart offers readers practical parenting advice for the modern age In its most basic form attachment parenting is instinctive A crying baby is comforted and kept close to parents for protection If hungry he or she is breastfed And while it is understood that there is no such thing as perfect parenting research suggests that there is a strong correlation between a heightened sense of respect empathy and affection in those children raised the attachment parenting way In this controversial book readers will gain much needed insight into childrearing while learning to trust the intuitive knowledge of their child ultimately building a strong foundation that will strengthen the parent child bond Contrary to popular belief attachment parenting has been practiced in one form or another since recorded history Over the years it had been slowly replaced by a more detached parenting style a style that is now believed by experts to be a lead contributing factor to suicide depression and violence The concept of attachment parenting a term originally coined by parenting experts William and Martha Sears has increasingly been validated by research in many fields of study such as child development psychology and neuroscience Also known as conscious parenting

natural parenting compassionate parenting or empathic parenting its goal is to stimulate optimal child development While many attachment parenting recommendations likely counter popular societal beliefs authors Barbara Nicholson and Lysa Parker are quick to point out that the benefits outweigh the backlash of criticism that advocates of detached parenting may impose *Small Press Record of Books in Print* Len Fulton,1994 Person to Person Sharon L. Hanna,1995 This book offers a positive approach to encouraging healthy interactions and relationships in a variety of real life situations It features chapters on personal understanding and self enhancement improving interpersonal communication skills and developing and enriching different types of relationships *Parenting a Child with a Behavior Problem* Penny Paquette,Cheryl Gerson Tuttle,1996 Offers parents practical advice on effectively dealing with inappropriate and disruptive behavior in children **Young Children** ,1992 Developmental Assets and Asset-Building Communities Richard M. Lerner,Peter L. Benson,2003 Introduced by the Search Institute in 1990 the framework of developmental assets is a set of social and psychological strengths that function to enhance health outcomes for children and adolescents Since that time research and application associated with the concept of developmental assets has been integrated with the fields of community change and community building to help understand the developmental experiences resources and opportunities that contributes to important health outcomes among young people and to energize and guide community based approaches to strengthen the natural and inherent socialization capacity of communities in support of youth Developmental Assets and Asset Building Communities examines the relationships of developmental assets to other approaches and bodies of work It raises challenges about the asset building approach and offers recommendations for how this approach can be strengthened and broadened in impact and research In doing so this book extends the scholarly base for the understanding of the character and scope of the systemic relation between young people s healthy development and the nature of developmentally attentive communities The chapters in this volume present evidence that asset building communities both promote and are promoted by positive youth development a bi directional systemic linkage that consistent with developmental systems theory further civil society by building relationship and intergenerational places within a community that are united in attending to the developmental needs of children and adolescents This book is a valuable resource for developmental psychologists child psychologists school and community psychologists practitioners administrators and policy makers **The Parenting Revolution** Justin Coulson,2023-05-01 Advice about how to be a great parent from the co host of Parental Guidance What does it mean to be a good parent Are you a good parent when your child is compliant but a bad parent when they re not What if they re perfect at age three and challenging at thirteen And what if your child has additional needs This is a book about parenting styles and what it takes to be a great parent We know about tiger parents helicopter parents free range parents but have you heard of Tesla parents leaf blower parents or iPhone 6 parents So many styles but is there one that actually works Justin Coulson believes so Drawing on up to the minute research in parenting science as well as studies of childhood development he shows

how our children thrive when we understand and meet their basic psychological needs how our job is not to fix our kids but to create an environment that supports their growth and development and how children flourish when we minimise control but maximise our warmth and involvement and establish healthy boundaries Not all children are the same and Justin considers a range of circumstances that you or your child might be in including children with non typical development His revolutionary approach and practical strategies will encourage you to change the way you parent forever *Sourcebook on Parenting and Child Care* Kathryn Hammell Carpenter, 1995 This thorough and well written source book will be useful to professionals parents students and acquisitions librarians Nothing else available has its breadth of scope Recommended for academic and public libraries Library Journal An excellent reference book for all parents and organizations working to make the world a better place for children Reviews from Parent Council The Sourcebook on Parenting and Child Care features the best of the best in reference material and other information sources serving as both an outstanding collection tool for librarians and a one stop source for information for interested parents and professionals Covering materials from noted childhood experts like Dr Benjamin Spock and Penelope Leach the sourcebook reviews sources on a variety of parenting topics ranging from motherhood and fatherhood to religious training and substance abuse The author has divided the book into seven parts each focusing on a specific subject area Entries include the classics as well as recent literature with the author's choices of best highlighted for easy reference The chapters conclude with a directory of related organizations or resource centers The reference section provides both print and nonprint reference tools including electronic indexing and abstracting services Interact resources and commercial online networks
