## **Raising Your Future:**

**The Weirdness of the World** Eric Schwitzgebel, 2025-11-04 How all philosophical explanations of human consciousness and the fundamental structure of the cosmos are bizarre and why that's a good thing Do we live inside a simulated reality or a pocket universe embedded in a larger structure about which we know virtually nothing Is consciousness a purely physical matter or might it require something extra something nonphysical According to the philosopher Eric Schwitzgebel it's hard to say In *The Weirdness of the World* Schwitzgebel argues that the answers to these and other fundamental questions about the world and our existence lie beyond our powers of comprehension We can be certain only that the truth whatever it is is weird Philosophy he proposes can aim to open to reveal possibilities we had not previously appreciated or to close to narrow down to the one correct theory of the phenomenon in question Schwitzgebel argues for a philosophy that opens According to Schwitzgebel's *Universal Bizarreness* thesis every possible theory of the relation of mind and cosmos defies common sense According to his complementary *Universal Dubiety* thesis no general theory of the relationship between mind and cosmos compels rational belief Might the United States be a conscious organism a conscious group mind with approximately the intelligence of a rabbit Might virtually every action we perform cause virtually every possible type of future event echoing down through the infinite future of an infinite universe What if anything is it like to be a garden snail Schwitzgebel makes a persuasive case for the thrill of considering the most bizarre philosophical possibilities

Have you ever felt like there's a gap between where you are financially and where you want to be? Maybe you've worked hard, followed advice, or tried to save more, yet abundance and financial freedom still seem out of reach. The truth is, creating wealth and success isn't just about strategies or numbers; it's about energy. Money is energy. It flows to where it's invited, nurtured, and respected. Your thoughts, emotions, and habits form the foundation for how money enters and stays in your life. When you raise your frequency, your energetic vibration, you align yourself with the flow of abundance, creating opportunities and attracting wealth in ways that feel natural and joyful. This book is your guide to shifting your mindset, elevating your energy, and taking action to create a life of abundance and success.

**Why This Book Was Written**

Most people think of money in purely practical terms: how much they earn, spend, and save. But there's another layer that influences all of these actions: the energy and beliefs you hold about money. Over the years, I've seen countless people struggle with financial blocks rooted not in their income but in their mindset and energy. They believe wealth is out of reach, they feel guilty about wanting more, or they're stuck in cycles of fear and scarcity. The good news is, you can change all of this. By understanding the energy of money and aligning your frequency with abundance, you can transform not just your financial life but your entire experience of wealth, freedom, and success.

**What You'll Discover in This Book**

**Money Energy: Raise Your Frequency to Attract Abundance and Success** is designed to help you connect with the energy of money and use it to create lasting change. Through practical advice, relatable examples, and actionable exercises, you'll learn how to identify and release limiting beliefs that block abundance, shift from a scarcity mindset to an abundance mindset, use powerful tools like gratitude, visualization, and affirmations to attract wealth, take aligned actions that lead to real financial results, celebrate your progress, and invite more success into your life. Each chapter is a step on your journey to mastering money energy, helping you unlock your full potential and align with a life of prosperity.

**Who This Book is For**

This book is for anyone who wants to improve their relationship with money and create a life of abundance. Whether you're just starting your financial journey or looking to take it to the next level, the concepts and practices in these pages will empower you to earn more with confidence, save and invest with purpose, feel joyful and at peace with your finances. You don't need to have a background in finance or be an expert in personal development to benefit from this book. All you need is an open mind, a willingness to reflect, and the desire to create a life that feels truly abundant.

**A Note on Your Journey**

As you read this book, remember that abundance is a journey, not a destination. There's no magic shortcut or quick fix, but with patience, consistency, and trust in yourself, you can create the financial reality you desire. Some chapters will challenge you to reflect on deep-seated beliefs about money. Others will encourage you to try new habits and practices that might feel unfamiliar at first. Embrace this process with an open heart, knowing that every small step brings you closer to your goals. Let's begin. Imagine a life where you wake up feeling free.
