

WHAT IS AUTONOMY?

Autonomy refers to a person's ability to make decisions and act independently, in accordance with their own beliefs and values.

It involves having the freedom to choose and taking responsibility for the consequences of those decisions.

Autonomy entails having control over one's own life and being able to exercise authority over oneself.

It is a fundamental aspect of human dignity and is related to respect for individuality and the capacity for self-governance.

Promoting autonomy means fostering empowerment and personal development for each individual.
