DOG

Friendships with Animals

RAIMOND GAITA

Philosophers Dog

Herman Vetterling

Philosophers Dog:

The Philosopher's Dog Raimond Gaita,2016-10-04 In this beautifully written book Raimond Gaita tells inspirational poignant sometimes funny but never sentimental stories of the dogs cats and cockatoos that lived and died within his own family He asks fascinating questions about animals Is it wrong to attribute the concepts of love devotion loyalty grief or friendship to them Why do we care so much for some creatures but not for others Why are we so concerned with proving that animals have minds Reflecting on these questions and drawing on the ideas of Descartes Wittgenstein and J M Coetzee Gaita pleads that we ask ourselves what it means to be creatures of flesh and blood He discusses mortality and sexuality the relations between storytelling philosophy and science and the spiritual love of mountains An arresting and profound book **The Philosopher's Dog** is a triumph of both storytelling and philosophy This Routledge Classics edition includes a substantial new introduction and afterword by the author

What Philosophy Can Tell You about Your Dog Steven D. Hales,2008 These are some of the puzzles posed by thousands of years of collaboration between canines and humans What Philosophy Can Tell You about Your Dog was written by reflective humans who are also dedicated dog lovers They sniff out for you the mysteries of the dog mind the dog worldview and our part in the epic of dog evolution Book jacket

Ted - Socrates' Dog Teresa Viarengo,2018-01-19 Socrates left no philosophical writings himself but luckily he had a dog called Ted who faithfully learnt and interpreted his sayings Through Ted and his canine friends and with reference to famous philosophers readers learn how dogs interpret the world In the book the canine characters reveal why they obey humans what their view on freedom is what they think about cats what makes them happy and what makes them suffer With humour and doggy wisdom along with a bit of help from philosophers such as Plato Nietzsche Schopenhauer and Diogenes Ted and his friends reflect on friendship love and life Fully illustrated throughout this picture book for adults explores important issues in a humorous and thoughtful way Like Charlotte Fraser's **Dog** Teresa's book contains many witty and heartwarming ideas and the book can also be likened to Rupert Fawcett's **Off the Leash** The characters are simultaneously funny and serious in this book packed with irony humour and playfulness which will appeal to dog owners and amateur philosophers alike

The Philosopher's Dog Martyn de Tours,2025-08-03 There are books born from ideas And others are born from emotion But this one This one springs from a wound that sings It begins not with a plot but with a pulse A whisper in the twilight the breath of a blackbird carrying the pain of ancestors across heather strewn valleys A joke told sideways by a narrator who knows too much A question repeated by those too aware to let it die A love confessed ill timed A truth half joked and fully felt And always somewhere beneath the dialogue and digression a longing ancient and untranslatable for something real In these pages the reader will find no tidy plots or fixed ideologies Instead you'll encounter a series of provocations disguised as conversations part Platonic dialogue part dream sequence part philosophical's ance where myth and modernity circle cautiously and sometimes waltz Bertin gropes his way between revelation and romance Adriana guides Kant through catastrophe with a scholar's eye and a prophet

s pain Coco bites The narrator disappears but returns with a smile and a warning Together they navigate a world where immoral intelligence masquerades as strategy and where civilised barbarism is the silent order beneath the noise They name the tragedies Auschwitz Verdun Hiroshima Palestine Libya not as aberrations but as inevitable consequences of uncontrolled unreflective reason They are not anomalies They are monuments built by hands that have forgotten how to tremble And yet This book is not without hope Hope lives here not cheaply but stubbornly It lives in the sacred sentimentality of the Celts who do not scoff at tears but baptise them It breathes in the word hiraeth that uniquely Welsh ache for a place that may never have existed and yet somehow calls us home It flickers in the arts those strange flames that give light to our disoriented hearts Pre Raphaelite reveries Patti Smith s howl harp songs and chapel hymns that turn sorrow into shelter

Diogenes the Dog-Man Yan Marchand,2017 At its most basic philosophy is about learning how to think about the world around us It should come as no surprise then that children make excellent philosophers Naturally inquisitive pint size scholars need little prompting before being willing to consider life s big questions however strange or impractical Plato Co introduces children and curious grown ups to the lives and work of famous philosophers from Socrates to Descartes Einstein Marx and Wittgenstein Each book in the series features an engaging and often funny story that presents basic tenets of philosophical thought alongside vibrant color illustrations In Diogenes the Dog Man the philosopher Diogenes not only admires the honesty of dogs he has actually become one sleeping eating and lifting his leg to pee wherever he chooses Best of all unlike humans who dupe one another as to their true feelings Diogenes the Dog Man is free to bark his displeasure and even bite his adversaries in the calves even if they happen to be Alexander the Great Initially the citizens gathered in the Agora think Diogenes is mad Does he have rabies But it soon becomes clear that we can all learn a thing or two from dogs about how to live a simple life

Philosophers' Dogs Samuel Dodson,Rosie Benson,2021-11-11 What does it mean to be a good dog Are tennis balls always real Is a bark ever truly worse than a bite All these questions and more are answered in *Philosophers Dogs* the groundbreaking treatise that has been dog years in the making The book reveals a long kept secret that every human philosopher has stolen their best ideas from their canine companions shamelessly disguising the dogs original thoughts as their own Featuring beautiful illustrations alongside meticulously researched historical fact *Philosophers Dogs* follows the trials tribulations and tail wagging of the pooches owned by famous philosophers and essayists It is a vital addition to the bookshelves of philosophy students and dog lovers alike packed with insights hitherto wrongly attributed to everyone from Confucius to Simone de Beauvoir via Socrates Karl Marx and Mary Wollstonecraft Not necessarily historical or factual

Rousseau's Dog David Edmonds,John Eidinow,2011-06-28 In 1766 philosopher novelist composer and political provocateur Jean Jacques Rousseau was a fugitive decried by his enemies as a dangerous madman Meanwhile David Hume now recognized as the foremost philosopher in the English language was being universally lauded as a paragon of decency And so Rousseau came to England with his beloved dog Sultan and willingly took refuge with his more respected counterpart

But within months the exile was loudly accusing his benefactor of plotting to dishonor him which prompted a most uncharacteristically violent response from Hume And so began a remarkable war of words and actions that ensnared many of the leading figures in British and French society and became the talk of intellectual Europe Rousseau s Dog is the fascinating true story of the bitter and very public quarrel that turned the Age of Enlightenment s two most influential thinkers into deadliest of foes a most human tale of compassion treachery anger and revenge of celebrity and its price of shameless spin of destroyed reputations and shattered friendships

Dogs Mark Alizart,2019-11-01 Man s best friend domesticated since prehistoric times a travelling companion for explorers and artists thinkers and walkers equally happy curled up by the fire and bounding through the great outdoors dogs matter to us because we love them But is that all there is to the canine s good natured voracity and affectionate dependency Mark Alizart dispenses with the well worn clich s concerning dogs and their masters seeing them not as submissive pets but rather as unexpected life coaches ready to teach us the elusive recipes for contentment and joy Dogs have faced their fate in life with a certain detachment that is not easy to understand Unlike other animals in a similar situation they have not become hardened nor have they let themselves die a little inside On the contrary they seem to have softened This book is devoted to understanding this miracle the miracle of the joy of dogs to understanding it and if at all possible to learning how it s done Weaving elegantly and eruditely between historical myth and pop culture anecdote between the peculiar views of philosophers and the even more bizarre findings of science Alizart offers us a surprising new portrait of the dog as thinker a thinker who may perhaps know the true secret of our humanity

How to Teach Philosophy to Your Dog Anthony McGowan,2020-02-04 Because man s best friend deserves to know the secrets of how to live a good life too Monty was just like any other dog A scruffy and irascible Maltese terrier he enjoyed barking at pugs and sniffing at trees But after yet another dramatic confrontation with the local Rottweiler Anthony McGowan realizes it s high time he and Monty had a chat about what makes him a good or a bad dog Taking his lead from Monty s canine antics McGowan takes us on a hilarious and enlightening jaunt through the major debates of philosophy Will Kant convince Monty to stop stealing cheesecake How long will they put up with Socrates poking holes in every argument In this uniquely entertaining take on morality and ethics the dutiful duo set out to uncover who if anyone has the right end of the ethical stick and can tell us how best to live one s life
