Performing World Of The Actor:

Performance and Identity in the Classical World Anne Duncan,2006-01-30 Performance and Identity in the Classical World traces attitudes towards actors in Greek and Roman culture as a means of understanding ancient conceptions of and anxieties about the self Actors were often viewed as frauds and impostors capable of deliberately fabricating their identities Conversely they were sometimes viewed as possessed by the characters that they played or as merely playing themselves onstage Numerous sources reveal an uneasy fascination with actors and acting from the writings of elite intellectuals philosophers orators biographers historians to the abundant theatrical anecdotes that can be read as a body of popular performance theory This text examines these sources along with dramatic texts and addresses the issue of impersonation from the late fifth century BCE to the early Roman Empire

Immersive Theater and Activism Nandita Dinesh,2018-11-30 Immersive theater calls upon audience members to become participants actors and others It traditionally offers binary roles that of oppressor or that of victim and thereby stands the risk of simplifying complex social situations Challenging such binaries this book articulates theatrical grey zones when addressing juvenile detention wartime interventions and immigration processes It presents scripts and strategies for directors and playwrights who want to create theatrical environments that are immersive and pedagogical aesthetically evocative and politically provocative simple and complex
