Online Counselor Education Carl J. Sheperis,R. J. Davis,2015-12-01 Online Counselor Education A Guide for Students is an all new guide for online students in counselor education programs Students in online environments face a number of challenges that could put them at a disadvantage unless they have a resource to help guide them through some of the confusing aspects of an online environment Such challenges include the lack of understanding surrounding graduate school performance expectations balancing graduate school and life the inability to connect with community members and local field agencies and various other aspects unique to an online environment This text will help students through these challenges and act as an invaluable resource

Style and the Future of Composition Studies Paul Butler,Brian Ray,Star Medzerian Vanguri,2020-11-02 *Style and the Future of Composition Studies* explores style s potential for informing how students are taught to write well and its power as a tool for analyzing the language and discourse practices of writers and speakers in a range of contexts Many college writing teachers operate under the belief that style still refers primarily to the kinds of issues discussed in Strunk and White s popular but outdated book *The Elements of Style* This work not only challenges this view but also offers theories and pedagogies from diverse perspectives that help teachers and students develop strategic habits and mindsets to negotiate languages genres and discourse conventions The chapters explore the ways in which style directly affects and is affected by multiple sources of shifting disciplinary inquiry contributing new insights by drawing on research in cultural studies sociolinguistics discourse studies translingualism and writing across the curriculum as well as new approaches to classical rhetorical theory The reemergence of stylistic inquiry can be used

dynamically to produce new insights not only about emerging disciplinary interests but also about the study of style as a kind of language in and of itself Style and the Future of Composition Studies demonstrates that style deserves to be a central focus of writing teaching More than just the next style collection the book advocates for style s larger prominence in composition discussions generally It will be of interest to a broad range of students and scholars of writing studies as well as a wider set of readers in academe Contributors Cydney Alexis Laura Aull Anthony Box Jimmy Butts Mike Duncan William FitzGerald Melissa Goldthwaite Eric House TR Johnson Almas Khan Zak Lancaster Eric Leake Andrea Olinger Thomas Pace Jarron Slater Jonathan Udelson

Professional Writing Online James E. Porter,Johndan Johnson-Eilola,2001 Professional Writing Online is not a book but an instructional website It is the first course material intended for applied writing courses that makes full use of the dynamic capabilities of the World Wide Web The flexibility afforded by the Web provides important advantages as a teaching tool over conventional textbooks A short handbook functions as a guide to using the site but the website itself is completely autonomous intended to be used on its own as an instructional resource for professional writing PWO offers four primary points of entry which correspond to the four major sections of the site Projects Documents Principles and Resources The Projects provide activities and exercises for inside and outside of the classroom The Documents section provides a wealth of real world examples of a variety of document types The Principles section offers explanations of the topics that are integral to an applied writing course The Resources section provides teachers and students additional materials that will be useful in the teaching and practicing of writing on the job These sections of course are interlinked so students can move back and forth among the sections to find what they need in focusing on a particular topic Overall Professional Writing Online provides far more material than a conventional textbook and provides additional links to an abundance of related material on the World Wide Web
