Multiple Methods In Program Evaluation:

Multiple Methods in Program Evaluation Melvin M. Mark, R. Lance Shotland, 1987 The Mixed Methods Reader
Vicki L. Plano Clark, John W. Creswell, 2008 In light of the dispersed nature of the mixed methods literature the editors have organized a collection of key discussions and examples of mixed methods research studies in one easy to access location This integrative collection draws from the international literature appearing across diverse research disciplines over the past thirty years

Mixed Methods in Social Inquiry Jennifer C. Greene, 2007-10-26 This is an excellent addition to the literature of integrated methodology The author has skillfully integrated diverse ways of thinking about mixed methods into a comprehensive and meaningful framework By providing detailed examples she makes it easy for both the students and the practitioners to understand the intricate details and complexities of doing mixed methods research On the other hand by comparing contrasting and bridging multiple perspectives about mixed methods she has made this book very relevant and useful to seasoned scholars of mixed methodology

Instructional Development Paradigms Charles R. Dills, A. J. Romiszowski, 1997 An encyclopedic examination of competing paradigms in the areas of instructional design and development at all levels and in a variety of environments The 46 treatments feature the analysis of experienced scholars and sometimes the authors of the particular theories under discussion which include topics in instructional development in its philosophical mode constructivism postmodernism systems approach as a cultural vantage point and in theory and application reviewing the effects of technology on class design the influences of semiotics the strategic advantages of constructivist instruction versus linear designs and modeling for applying design strategies from constructivism and cognitive theory to individualizing instruction with adult learners Annotation copyrighted by Book News Inc Portland OR

Media Education Assessment Handbook William G. Christ, 2020-07-24 Assessing media education is a formidable task because both assessment and media education are complex and controversial concepts Assessment which can take place at the individual student class sequence program department or unit and university levels is questioned in terms of reliability validity relevance and cost Media education which has been challenged at a number of schools finds faculty and administrators in the midst of soul searching about how to clearly articulate its missions and purposes to a broader audience Departments are under increasing national state and institutional pressure to get assessment procedures carried out quickly but there is an obvious danger in rushing to implement assessment strategies before establishing what is essential in media education In communication education in general the what of assessment is often discussed in terms of skills attitudes affect values and knowledge People assess students to determine what they know think feel value and can do Here it is suggested that one of the places to start defining what students should learn from their media education is by identifying outcomes

Outcomes can be assessed in a variety of ways but first they need to be developed and clearly articulated

Evaluation Models D.L. Stufflebeam, George F. Madaus, T.
