**The Rise and Fall of the Bible** Timothy Beal,2011-02-16 A professor of religion offers an engrossing and excellent look at how the Good Book has changed and changed the world through the ages Publishers Weekly starred review In a lively journey from early Christianity to the present this book explores how a box of handwritten scrolls became the Bible and how the multibillion dollar business that has brought us Biblezines and Manga Bibles is selling down the Book s sacred capital Showing us how a single official text was created from the proliferation of different scripts Timothy Beal traces its path as it became embraced as the word of God and the Book of books Christianity thrived for centuries without any Bible there was no official canon of scriptures much less a book big enough to hold them all Congregations used various collections of scrolls and codices As the author reveals there is no original Bible no single source text behind the thousands of different editions on the market today The farther we go back in the holy text s history the more versions we find In calling for a fresh

understanding of the ways scriptures were used in the past the author of *Biblical Literacy* offers the chance to rediscover a Bible and a faith that is truer to its own history not a book of answers but a library of questions **Rape Culture, Purity Culture, and Coercive Control in Teen Girl Bibles** Caroline Blyth,2021-02-10 In this fascinating book Caroline Blyth takes a close look at Bibles marketed to teen girls and asks how these might perpetuate harmful gender stereotypes that lie at the heart of rape culture The author considers the devotionals commentaries and advice sections placed throughout these Bibles which offer teen girl readers life advice on topics such as friendships body image and how to navigate romantic relationships Within these discussions there is a strong emphasis on modesty purity and sexual passivity as markers of young women s godliness Yet as the author argues these gendered ideals are prescribed to readers using rape supportive discourses and the tactics of coercive control Moreover the placement of these various editorial inserts within the pages of sacred scripture gives them considerable power to reinforce deeply harmful ideologies about gender sexuality and sexual violence Given the seeming popularity of these Bibles among Christian teen girls the need to dismantle their damaging rhetoric is especially urgent This book will be of particular interest to those studying the Bible religion gender and theology as well as the general reader

**Revolve Devos** Nelson Bibles,2005 This 42 day guide will help teenage girls grow in their faith through daily Scripture readings and devotional thoughts that give practical suggestions and insight for having a life makeover God s style **God Can Work It Out** Stephanie Perry Moore,2007 Thirteen year old Faith Thomas s life looks ideal from the outside but with fighting at home strained relationships at school and no real connection to God it is an ongoing struggle to understand and accept that God is in control **Children's Books in Print, 2007** ,2006 **Joyce in**
