Self Cosmos God:

Self, Cosmos, God, 1993 God and Globalization: Volume 1 Max L. Stackhouse, Peter J. Paris, 2009-03-15 The promise and the threat of globalization are examined using the tools of theological ethics to understand and evaluate the social contexts of life at the deepest moral and spiritual levels *The Creative Suffering of the Triune God* Gloria L. Schaab, 2007-10-18 The global reality of suffering and death has always demanded an authentic theological response and impelled debate concerning God's relationship to suffering as well as the conceivability of the suffering of God The scope and impact of this suffering in the last century have driven this debate to an acute pitch demanding to know how one can speak rightly of God in view of the suffering that is inherent and inflicted in the cosmos While in former ages some looked to an omnipotent and impassible deus ex machina in answer to this question many contemporary theologians have revised their understanding of God in relation to the world With these theologians Gloria Schaab proposes that a viable response to cosmic suffering is the recognition that the triune Christian God participates in the very sufferings of the cosmos itself She sets her argument within theology and science dialogue and specifically within the work of scientist theologian Arthur Peacocke Informed by the understandings of evolutionary science grounded within a panentheistic paradigm of the God world relationship and rooted within the Christian theological tradition this work contends that the understanding of the Triune God as intimately involved with the suffering of the cosmos is viable and efficacious in view of the suffering of the cosmos and its creatures It develops a female procreative model of the creative suffering of the Triune God an ecological ethics based on the midwife model of care and a pastoral model of threefold differentiation of suffering in God as steps toward Christian praxis in response to the mystery of God within the pain suffering and death of cosmic existence and human experience *The Philosophy of Thomas Hill Green* William Henry Fairbrother, 1900 **The Philosophy Of Thomas Hill Green** W.H.
