postal services The earliest known picture postcard was a hand painted design on card created by the writer Theodore Hook Hook posted the card which bears a penny black stamp to himself in 1840 from Fulham part of London He probably did so as a practical joke on the postal service since the image is a caricature of workers in the post office In the United States the custom of sending through the mail at letter rate a picture or blank card stock that held a message began with a card postmarked in December 1848 containing printed advertising Today we offer an entire book printed face with a beautiful picture and in the back a classic sample to write wishes and ad the post stamp Just write your post card cut it and post it
