and the intellectual architect for Peru's highly regarded Truth and Reconciliation Commission elucidates the movement's dynamics. An anthropologist who witnessed Shining Path's recruitment of militants in the 1970s, Degregori grounds his findings in deep research and fieldwork. He explains not only the ideology and culture of revolution among the insurgents but also their capacity to extend their influence to university youths, Indian communities, and competing social and political movements. Making Degregori's most important work available to English language readers for the first time, this translation includes a new introduction by historian Steve J. Stern who analyzes the author's achievement, why it matters, and the debates it sparked. For anyone interested in Peru and Latin America's age of dirty war or in the comparative study of revolutions, Maoism, and human rights, this book will provide arresting new insights. **Hispanófila** Alva Vernon Ebersole, 2006

La tercera es la creación de una red de intelectuales públicos de la región preocupados por el estudio de la memoria societal y temas relacionados con ella.

Después escribe novelas, cuentos, poemas, ensayos en los que no importa tanto el paisaje como el ser humano. Su intención es sembrar dudas en el lector, lograr que se haga las preguntas pertinentes, ayudarle en el fondo a comprenderse. Con Mario Benedetti, el lector se convierte en protagonista y sin darse cuenta con cada línea, con cada poema, descubre un poco de sí mismo. Mario es inspiración. Mario nos hace pensar y nos hace un poco mejores con cada verso. Así es la razón de ser de un poeta. *Los ojos de la niebla* Raquel Lanseros, 2008.
