

one for fathan. Audrey became aware that Tasha didn't buy enough drinks for everyone at the table. Should she motion to Tasha to buy a few extra to save her face or should she just go buy a couple extra bottles for herself and Xiao Wang?

After eating, the bill came. Instead of fighting for the check, each of Audrey's teammates pulled out their wallets to pay for their percentage of the meal. Audrey felt uncomfortable with the individualism of paying for

yourself being displayed. Should Audrey step in and fight for the check with her host?

Audrey had never had to talk with her teammates about their behavior when invited to eat with a Chinese host. So now she experienced an almost unbearable tension, and felt stuck in the middle. If she kept quiet and did not correct her teammates, they would continue to dishonor Xiao Wang, their host and Chinese friend. The friendship would not last long

with that type of behavior. Not only that, Audrey herself would be blamed, being associated with these well-intentioned but culturally rude guests. However, if she did speak up, her teammates might not understand what she was trying to say. In fact, they might even disagree openly in front of Xiao Wang—or, even worse, ask Xiao Wang to settle the disagreement. Audrey was trapped: what could she do?

conflict as they apply in collectivist cultures is such an important skill for a missionary to learn (see Augsburg 1990; Elmer 1993).

CONCLUSION

Crossing cultures and effectively communicating God's call to worship is tricky business. The annals of missionary history are lined with shipwrecks that happened simply because the lines of communication were crossed and misunderstandings esca-

lated to the point where relationships were broken. We encourage you to find appropriate training in intercultural communication even if you have no intention of becoming a missionary. In our increasingly globalized culture the ability to navigate cultural differences successfully is no longer an option. This chapter's case study wonderfully illustrates the ways that cultural values influence communication, and the ways that these values can put missionaries in difficult positions.

Mission Trends and Paradigm Shifts

INTRODUCTION

Many new realities exist for mission today. The primary one that missionaries and mission senders must face at the moment is rapid change. This is the information age, a time when travel around the world is relatively inexpensive, access to knowledge of places and peoples is easily obtainable, and communication with those far away is instantaneous. Important shifts have taken place in mission as a result. What follows here is a partial accounting of the new realities faced in the mission enterprise today. They make mission interesting, challenging, and exciting—sometimes all three simultaneously!

SHORT-TERM EMPHASIS

For many years it has been assumed (and even promoted) that people who go on short-term missions are more likely to come back as career missionaries. However, the tremendous upsurge in the number of short-term workers without any corresponding increase in the ranks of long-term missionaries indicates that the assumption

perhaps is wrong (see Moreau 2006c). As of this writing, we need more data before the validity of the assumption can be proven one way or the other.

The Ups and Downs of Short-Term Missions

Many pros and cons of short-term projects can be noted. On the extreme end of the negative side, career missionaries can be sidetracked by having to watch over a loud brash group of young people who are insensitive to the host culture and unaware of the images they project. It literally can take years to undo damage done by more extreme groups who fail to take into account the realities of culture and the expectations they bring. On the positive side, however, short-term projects not only can be a healthy vehicle for people to consider long-term service, but also, in the best of cases, they can assist long-term missionaries or nationals in completing significant projects for God's kingdom that would not otherwise ever be done.

In sidebar 17.1 we offer two sets of "Ten Commitments" written by veteran mis-

una mirada al impacto que la modernidad y la posmodernidad están teniendo sobre el movimiento misionero en Occidente y hace un llamado a la renovación de nuestro compromiso como seguidores de Jesucristo en los duros ambientes culturales de nuestros días. Explora los roles cambiantes de misioneros y ministros en iglesias jóvenes y levanta preguntas difíciles relacionadas con la unidad de la iglesia en medio de su proliferación, diversidad y fragmentación de carácter global. Son de excepcional valor la manera en que Van Engen traza la historia de la discusión reciente sobre cada uno de estos asuntos y la riqueza de fuentes bibliográficas que nos presenta para más estudio. Igualmente importantes son las repuestas que le ofrece a estas cuestiones, repuestas que nos ayudan a movernos más allá de los caminos sin salida que tanto caracterizan nuestro pensamiento actual.

Tomado del Prólogo escrito por Pablo Hiebert Transforming Missiology Fohle Lygunda li-M, 2018-02-28 Dr Fohle Lygunda li M provides a thorough analysis of missiological teaching in theological institutions in Africa with special reference to ten Christian universities in the Democratic Republic of the Congo. His detailed examination of current teaching of mission theory and practice builds a solid foundation for the articulation of a new paradigm of missiological education. In this book Dr Lygunda presents the case for a transformed approach to raising up seminarians who are equipped to lead indigenous mission churches that will fulfil the Great Commission in their own communities and beyond their national borders.

Mission Trends and what the 21st Century Missionary Should Know Nii Amoo Darku, 2007 Graceful Evangelism Frances S. Adeney, 2011-02-01 The word evangelism evokes strong reactions among Christians. Conflict about what it is, whether to do it, how to go about it, and the desired results divides churches, demonstrating the need for new theologies and methods that address today's religiously pluralistic and secular contexts. This book offers a comprehensive treatment of evangelism from biblical models to contemporary practice. Frances Adeney shows that understanding different contexts and approaches to evangelism and accepting the views of others on this crucial topic can help replace the evangelism wars (social action vs proclamation) with a more graceful approach to sharing God's good news with the world.
