**Main Street Movies** Martin L. Johnson,2018-01-23 See yourself in the movies Prior to the advent of the home movie camera and the ubiquitousness of the camera phone there was the local film This cultural phenomenon produced across the country from the 1890s to the 1950s gave ordinary people a chance to be on the silver screen without leaving their hometowns Through these movies residents could see themselves in the same theaters where they saw major Hollywood motion pictures Traveling filmmakers plied their trade in small towns and cities where these films were received by locals as being part of the larger cinema experience With access to the rare film clips under discussion Main Street Movies documents the diversity and longevity of local film production and examines how itinerant filmmakers responded to industry changes to keep sponsors and audiences satisfied From town pride films in the 1910s to Hollywood knockoffs in the 1930s local films captured not just images of local people and places but also ideas about the function and meaning of cinema that continue to resonate today

collective cultural power to the politics of higher education as much as they did to upstart bohemian music scenes coast to coast Jewell uncovers how battles to control college radio were about more than music they were an influential if unexpected front in the nation s culture wars These battles created unintended consequences and overlooked contributions to popular culture that students DJs and listeners never anticipated More than an ode to beloved stations this book will resonate with both music fans and observers of the politics of culture
