**Your Signature Work** Dianna Booher,2004-07-29 Are you bored in your job Has the newness worn off so much so that you dread going to work every day Have you ever felt as if your tasks whether in a big organization or at home just didn t really contribute to anything significant Do you often speculate about how much more influence you could have if you worked in a more visible or critical role like may be a doctor a pastor a congressional representative If so then this book will inspire you to take a more reflective

look at where you work how you work and who you influence You ll explore challenges such as these Finding the right job Finding your calling in life How to find purpose in life Doing your best at work and what that looks like practically speaking As a companion to the earlier book Your Signature Life by the same author Your Signature Work expands on the concept of doing your personal best at work so that it reflects your goals values beliefs and faith Using a sports analogy basketball this companion book will challenge you to see your tasks and job whether parenting building a forklift stocking shelves selling pharmaceuticals or analyzing computer glitches as an opportunity for leadership and service to others As you strive for personal excellence you ll identify ways to influence others in your workplace to live their values and faith Even if you feel trapped in a dissatisfying job or a seemingly insignificant career your work matters to God and to others in need Your attitude can make all the difference in how you view your job and the results you achieve When you find your true calling your work will be a source of satisfaction and fulfillment And as an artist does you will be proud to sign your name to work Author and speaker Dianna Booher shares the same in depth insights that she offers to churches and her Fortune 500 clients during keynotes and workshops As founder and CEO of Booher Research she s an internationally recognized leadership communication and executive presence expert As the author of 49 books she has published with Penguin Random House Perigee HarperCollins Warner McGraw Hill Tyndale and Thomas Nelson How Just One Spouse Can Improve Their Marriage Dr. Mark Avery Reed,2025-01-02 A hopeless spouse doesn t mean a hopeless marriage Have you ever felt hopeless about your marriage improving because it seems that your spouse is unwilling to change You don t think your marriage can get better because you believe your spouse is hopelessly unwilling to change and you assume that their changing is necessary for marital improvement to begin That assumption is wrong Seemingly stubborn resistance to change can be overcome However it needs to start with us not with our spouse This book provides many ways we can act differently to increase the chances our marriage will eventually get better These are changes we can make that will cause us to be much more attractive to a normal spouse and in time is likely to soften them so they do end up changing We are not manipulating them to change but making improvements in ourself and in how we interact with our spouse As a result our interactions with them are different better The changes recommended in this book are not complicated or too difficult for a normal person to do In addition they don t all have to be done at the same time You could choose the approach that is doable for you then add in others later A few of these include acting like a better friend to your spouse improving your manners with them and or frequently expressing gratitude to them Improve your marriage by improving yourself **Progress in the Pulpit** Jerry Vines,Jim Shaddix,2017-06-06 Take your preaching to the next level Like musical instruments preachers get better over time unless of course they neglect maintenance Progress in the Pulpit is for seasoned preachers looking to refresh their craft and receive guidance for contemporary challenges to preaching While most preaching books are geared toward new preachers Progress in the Pulpit builds on the basics and focuses on what often falls into neglect You will learn to better Connect to

audiences without compromising biblical truth Plan evaluate and get feedback on sermons Battle biblical illiteracy in your congregation Employ word studies and other technical aspects of biblical interpretation Increase imagination and creativity in sermon writing Extend the life of a sermon via social media small groups and more Establish habits for continued growth Take advantage of guidance that will help you stay sharp and grow in the craft of faithfully proclaiming God s Word
