[Introduction to Metaphysics](#) Gabby Mccarthy,2018-10-09 Metaphysics is the branch of philosophy concerned with the nature of existence being and the world Arguably metaphysics is the foundation of philosophy Aristotle calls it e first philosophye or sometimes just e wisdome and says it is the subject that deals with e first causes and the principles of thingse It asks questions like e What is the nature of reality e e How does the world exist and what is its origin or source of creation e e Does the world exist outside the mind e e How can the incorporeal mind affect the physical body e e If things exist what is their objective nature e e Is there a God or many gods or no god at all e Originally the Greek word e metaphysikae literally e after physicse merely indicated that part of Aristotle s oeuvre which came in its sequence after those chapters which dealt with physics Later it was misinterpreted by Medieval commentators on the classical texts as that which is above or beyond the physical and so over time metaphysics has effectively become the study of that which transcends physics This book provides a detailed resume of current knowledge about the Metaphysics

[Analysis and Metaphysics](#) P. F. Strawson,1992 Professor Strewson draws on his many years of teaching at Oxford University during which he refined and developed what he regards as the most productive route to understanding the fundamental structure of human thinking

Metaphysics Archie J. Bahm,1974 *An Introduction to Metaphysics* C. H. Whiteley,2019-03-06 Originally published in 1950 For those interested in the fundamental problems of philosophy but not familiar with its technicalities this book introduces the main type of theory in metaphysics not by a catalogue of philosophers opinions but by a continuous train of reasoning The central theme is the problem of the relation between Mind and Matter and in the course of the argument there are discussions of mechanistic materialism of idealism and our knowledge of the external world and of the arguments for the existence of God The problems are presented lucidly but without over simplification
