Modern Locksmithing Whitcomb Crichton, 1945 The Lazarus Files Matthew McGough, 2019-04-30 A deeply reported
riveting account of a cold case murder in Los Angeles unsolved until DNA evidence implicated a shocking suspect a female
detective within the LAPD s own ranks On February 24 1986 29 year old newlywed Sherri Rasmussen was murdered in the
home she shared with her husband John The crime scene suggested a ferocious struggle and police initially assumed it was a
burglary gone awry Before her death Sherri had confided to her parents that an ex girlfriend of John s a Los Angeles police
officer had threatened her The Rasmussens urged the LAPD to investigate the ex girlfriend but the original detectives only
pursued burglary suspects and the case went cold DNA analysis did not exist when Sherri was murdered Decades later a
swab from a bite mark on Sherri s arm revealed her killer was in fact female not male A DNA match led to the arrest and
conviction of veteran LAPD Detective Stephanie Lazarus John s onetime girlfriend The Lazarus Files delivers the visceral
experience of being inside a real life murder mystery McGough reconstructs the lives of Sherri John and Stephanie the love
triangle that led to Sherri s murder and the homicide investigation that followed Was Stephanie protected by her fellow
officers What did the LAPD know and when did they know it Are there other LAPD cold cases with a police connection that
remain unsolved *LOCKS, SAFES, AND SECURITY* Marc Weber Tobias, 2000-01-01 This new second edition many years in
the making provides the reader with the information that is needed to understand both traditional mechanisms as well as the
most modern and sophisticated security technology incorporated into locks and how to bypass them The author presents
extremely detailed theoretical and practical information in order to facilitate a thorough understanding of the complex
subject matter While the first edition covered many topics in summary fashion this revised work examines each facet of the
subject in extensive and when required intricate detail Law enforcement forensic examiners the intelligence community
security management personnel locksmiths architects security specialists special operations personnel lawyers and others
need to have this critical information presented in this book in order to deal effectively with their missions and be able to
assess vulnerability through a solid theoretical understanding of the subjects covered Information in this book has been
gathered from many sources including locksmiths manufacturers instructors from recognized specialized entry schools
vendors lock suppliers designers engineers inventors forensic examiners and others The subject of this book is very
complicated diverse and global There is a great deal of history and technology incorporated within the modern lock container
and security system The focus of this text is to put all of this information into an understandable and useable format For an
