Temples of the Orient and Their Message in the Light of Holy Scriptures, Dante's Vision, and Bunyan's Allegory Elizabeth Anna Gordon, 1902

The Orient in Bible Times Elihu Grant, 2015-06-26 Excerpt from The Orient in Bible Times We seek to fasten the attention of the reader upon the main points in the story of the Early East to help people who are interested in the Bible to see the Hebrews among their neighbors and to give a rapid unified impression of the course of events in the biblical world The background and presuppositions of that world differed in so many ways from ours that we need frequently to picture in imagination the world situation as people in Bible Times knew it Ordinarily it takes much material and many books to help one do this We have suggested some of these aids in the Book lists at the close of the chapters They will help those who wish to follow the subjects further It is our hope by this survey of the available information to leave certain definite impressions of oriental civilizations with busy people of to day It will be possible to appraise the civilization of the Western World better when we know more of the buried East So we draw attention to the leading cultures those of Egypt Babylonia Assyria and Palestine We have noted the triumphs of the Persians the eastward trend of Greek influence the conquest and organization of Western Asia by Rome We see the rise and fall of the great powers and the fate of the smaller nations Trade politics war social institutions and international relations develop during these centuries About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the

The Temples of the Orient and Their Message E. A. Gordon, 2017-04-15 From the PREFACE To the readers of Clear Round the following Notes are offered as a solution of the perplexing thoughts and questionings therein summed up in those five words What does it all mean It is felt that in face of the facts now disclosed it should be impossible to make the unblushing mis statement still alas to be found in certain missionary magazines viz that non Christians pray to a God who never heard or answered a single prayer that was offered to Him Such sentiments founded upon an ignorance which in these days is simply unpardonable may indeed make Atheists they do alienate earnest seekers from the Truth whether in this country or in Japan where as St Francis Xavier found two hundred and fifty years ago Men s minds are more delicate than anywhere else Ere being so quick to instruct and preach to others might it not be well for a God fearing man to learn humbly what he can from those whose privileges are fewer and their light more dim For in thus comparing the Things of Our Father the spiritual Things of his own and other creeds he would surely gain a more sympathetic knowledge of the Oriental mind and a readier access to its heart and so be better prepared to set forth the Truth in love To the intending Missionary therefore these pages are affectionately inscribed with the reminder that when Our Lord interpreted to His Friends in all the Scriptures the Things concerning Himself He probably took from the Teachings of Egypt under the shadow of whose pyramids as the Young Child He spent His most tender and impressionable years as well as from the Hebrew Scriptures which as the Boy Jesus He learned from the Doctors in His Father s House through hearing them and asking them questions when according to the Custom He became a Son of the Law and also from the wisdom of the sages of Persia and the initiates of India with whom in accordance with a not disproved tradition He passed the silent years of His early Manhood Certain it is that the writings of His most beloved Apostle to whose authorship the Church ascribes the Fourth Gospel are steeped in allusions to and breathe the spirit of Divine Wisdom as set forth in the Temple lore of Egypt Sumer and Israel Believing that the non use of capitals before the Divine pronouns both in the Bible and in the inscriptions translated from the Monuments tends largely to obscure the sense to the average mind the writer has ventured to remedy this omission and feels confident that a closer study of the Revised Version and of the marginal readings in the King s Printers Variorum must result in making our revered English Bible a new library pulsating with living interest when read in the light of the Ancient Wisdom of the East
