## Patterns Of Repetition In Trollope:

**Patterns of Repetition in Trollope** Elizabeth R. Epperly, 1989-01-01 **Patterns of Repetition in Trollope** Elizabeth R. Epperly, 1989 *Stylistic Virtue and Victorian Fiction* Matthew Sussman, 2021-07 Offers a deep history of style in theory and practice that transforms our understanding of style in the novel **Anthony Trollope's Late Style** Frederik Van Dam, 2016-01-19 This study focuses on Anthony Trollope's stylistic innovations in relation to Victorian liberalism. In his biography of William Makepeace Thackeray, Anthony Trollope posits the ideal of a man without style: "I hold that gentleman to be the best dressed whose dress no one observes. I am not sure but that the same may be said of an author's written language. Trollope's own appearance, unlike his written language, did not pass without observation; however, a contemporary poet recalls that he was hirsute and taurine of aspect. This study unravels this paradox. It disentangles the many threads in Trollope's ostensibly transparent writing and reassembles the political and intellectual fabric that they weave, thus showing how Trollope's language exceeds and questions the concepts provided by contemporary ideologies. Key Features: Shows how Trollope's stylistic peculiarities perform his inflection of Victorian liberalism. Reads Victorian literature through the lens of German post-Romantic thinkers such as Goethe and Walter Benjamin. Presents a panorama of Victorian liberalism in its literary, intellectual, and political context. Examines the writings from the last decade of Trollope's life that have received only scant critical attention, such as his novellas and his biographies.

**The Number Sense of Nineteenth-Century British Literature** Stefanie Markovits, 2025-01-12 *The Number Sense of Nineteenth-Century British Literature* considers how the avalanche of printed numbers characterizing the period affected its literature. It looks at the influence of a variety of cultural and historical movements, such as the rise of statistics and of democratic Liberalism, and concurrent developments in mathematics. This book takes as its starting point and focus the presence of actual numbers, ordinal and cardinal, Arabic, Roman, and spelled out in words, within the century's literary texts. It is through the deployment of such figures that texts display their number sense. Similarly, readers develop the faculty of number sense by paying careful attention to their presence. And contemplation of a text's use of numbers, while frequently pointing to specific historical contexts, also enables more fundamental recognitions about how literature makes meaning. *The Number Sense* asks what kinds of work intellectual and ethical literature's numerical figures perform. Why are some writers especially prone to include numbers? What affordances do they wield in various literary environments, and against the backdrop of the numbery nineteenth century? When do textual numbers really count, and when do they ask us to keep count? How do they stage contests between the one and the many individuals and collectives? How do they relate to formal aspects of works like plot and character, narrative and lyric? Lingering over literary measures illuminates the way numbers help shape texts into the recognizable forms we call genres. To that end, the book considers the works of poets like Tennyson, Wordsworth, and Byron, and of novelists working in a broad range of genres, including Jane Austen, George Gissing, Charles Dickens, Anthony Trollope, Lewis Carroll, Bram Stoker.

Wilkie Collins and Thomas Hardy The numbers embedded in their fictions and verse can serve both as valves releasing cultural pressures and as fulcrums places where pressures coincide to create new forms of literary agency **Power Houses and Polite Fiction** Nicholas Eric Preus,1993 *Patriarchal Desire and Victorian Discourse* Priscilla L. Walton,1995 While there have been studies examining Trollope from a feminist perspective very little work has taken into consideration the questions raised by contemporary critical theory Patriarchal Desire and Victorian Discourse is unique in that it links feminist analysis with psychoanalytic theory and brings both to bear on an examination of Trollope s writings The feminist Lacanian analysis employed by Priscilla L Walton offers a new perspective on the dominant Victorian cultural dynamic She explains how the works serve as complex and ultimately double edged exemplars of patriarchal desire and masculinist discourse BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

**Research Guide to Biography and Criticism: 1990 update** ,1985 *Spirals and Circles* Horst S. Daemmrich,Ingrid Daemmrich,1994 The study of themes and motifs in Western Literature has occupied the authors over two decades They have previously presented their findings in *Wiederholte Spiegelungen Themen und Motive in der Literatur* 1978 *Themes and Motifs in Western Literature* 1987 and *Themen und Motive in der Literatur Ein Handbuch* 1987 [Trollope's Later Novels](#) Robert Tracy,2021-01-08 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1978 **Forthcoming Books** Rose Arny,1990 [Choice](#) ,1990

**The Cumulative Book Index** ,1990 A world list of books in the English language **Bibliographic Index** ,1992 *Victorian Review* ,1999 **George Gordon, Lord Byron** Clement Tyson Goode,1997-03-13 This comprehensive bibliography includes all secondary material on Byron in English from the popular to the scholarly for the years 1973 to 1994

*Translation and Nation* Roger Ellis,Liz Oakley-Brown,2001 Five contributors from the fields of English and humanities research present five essays exploring the formation of English identity representation and subjectivity through the processes and products of vernacular translations Works discussed span from the 14th to the 20th centuries including Biblical translations from the 14th century Ovid s *Metamorphoses* scientific texts of Bernard le Bovier de Fontenelle and Francesco Algarotti and works by Trollope and W H Auden c Book News Inc **The Victorian Newsletter** ,2006

[Trollope's Palliser Novels](#) Juliet McMaster,1978 **Reality and Artifice in Trollope's Palliser Novels** Edward Joseph Pulju,1971
