Notes on Literary Structure Daniel Burke,1982 **Patterns of Repetition, Structure, and Meaning in the Book of Hebrews** Michael C. Clark,2024-04-01 While many have recognized unusual patterns of repetition within the book of Hebrews which seem to play a range of important functions within the text the consistency of this patterning has not been fully appreciated and its function has been largely unexamined This study investigates the location and function of what we have termed link clusters within Hebrews from the perspective of discourse analysis to gain fresh insight into the language structure and genre of Hebrews into the book s relationship to the Old Testament and into the book s authorship and meaning This work proposes first that Hebrews uses repetition to establish formal connections between words and phrases marked as significant by their location and context with respect to other similarly connected words and phrases second that link clusters serve to structure the book of Hebrews by uniting the text into a series of overlapping concentric and coherent units and third that link clusters also serve an important topical function clarifying and amplifying intended meaning as pairs of matching topic sentences that respectively introduce and conclude each section and subsection of the discourse by summarizing its content

Joshua 1-12 Thomas B. Dozeman,2015-01-01 An acknowledged expert on the Hebrew Bible Thomas Dozeman offers a fresh translation of the Hebrew and Greek texts of the book of Joshua and explores the nature function and causes of the religious violence depicted therein By blending the distinct teachings of Deuteronomy and the Priestly literature Dozeman provides a unique interpretation of holy war as a form of sacred genocide arguing that since peace in the promised land required the elimination of the populations of all existent royal cities a general purging of the land accompanied the progress of the ark of the covenant This essential work of religious scholarship demonstrates how the theme of total genocide is reinterpreted as partial conquest when redactors place Joshua an independent book between Deuteronomy and Judges The author traces the evolution of this reinterpretation of the central themes of religious violence while providing a comparison of the two textual versions of Joshua and an insightful analysis of the book s reception history

Joshua 13-24 Thomas B. Dozeman,2023-10-10 The second installment of Thomas B Dozeman s authoritative commentary on the book of Joshua Following the Pentateuch in the traditional canon the book of Joshua chronicles the conquest of the Canaanite nations the distribution of the newly acquired land to the twelve tribes of Israel and Joshua s death at the conclusion of the covenant ceremony at Shechem The second half of the book traces the development of a burgeoning pan Israelite identity as the tribes receive territorial assignments form a political league and unite in the worship of Yahweh the God of Israel In the second volume of his two volume commentary on the book of Joshua Thomas B Dozeman provides an overview of critical debates surrounding the composition of the book its function in relationship to the Pentateuch and the Former Prophets and the role of geography in ancient literature He shows how the book of Joshua originated as an independent Samarian myth of tribal conquest and land distribution and outlines how it evolved into its role as an Israelite

origin story Complete with a thorough introduction and a new translation of these twelve chapters this volume explores how the book of Joshua employs the twin themes of genealogy and geography to underscore both unity and difference among the tribes conveying ancient Israelite beliefs about ownership identity and power *Introduction, text with notes*
