G. Demartini,2014-01-07 The exponential growth of digital information available in companies and on the Web creates the need for search tools that can respond to the most sophisticated information needs Many user tasks would be simplified if Search Engines would support typed search and return entities instead of just Web documents For example an executive who tries to solve a problem needs to find people in the company who are knowledgeable about a certain topic \_x000D\_ In the first part of the book we propose a model for expert finding based on the well consolidated vector space model for Information Retrieval and investigate its effectiveness In the second part of the book we investigate different methods based on Semantic Web and Natural Language Processing techniques for ranking entities of different types both in Wikipedia and generally on the Web \_x000D\_ In the third part of this thesis we study the problem of Entity Retrieval for news applications and the importance of the news trail history i e past related articles to determine the relevant entities in current articles We also study opinion evolution about entities We propose a method for automatically extracting the public opinion about political candidates from the blogosphere      **Advances in Information Retrieval** Sharon McDonald,John Tait,2004-03-01 These proceedings contain the refereed full technical papers presented at the 26th Annual European Conference on Information Retrieval ECIR 2004 ECIR is the annual conference of the British Computer Society's specialist group in Information Retrieval This year the conference was held at the School of Computing and Technology at the University of Sunderland ECIR began life as the annual Colloquium on Information Retrieval Research The colloquium was held in the UK each year until 1998 when the event was held in Grenoble France Since then the conference venue has alternated between the United Kingdom and Continental Europe and the event was renamed the European Conference on Information Retrieval In recent years ECIR has

continued to grow and has become the major European forum for the discussion of research in the field of Information Retrieval To mark this metamorphosis from a small informal colloquium to a major event in the IR research calendar the BCS IRSG decided to rename the event to the European Conference on Information Retrieval

ECIR2004 received 88 full paper submissions from across Europe and further afield including North America, China and Australia a testament to the growing popularity and reputation of the conference Out of the 88 submitted papers 28 were accepted for presentation All papers were reviewed by at least three reviewers Among the accepted papers 11 have a student as the primary author illustrating that the traditional student focus of the original colloquium is alive today

### **Novel Sentence Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Novel Sentence has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Novel Sentence has opened up a world of possibilities. Downloading Novel Sentence provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Novel Sentence has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Novel Sentence. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Novel Sentence. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Novel Sentence, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software

installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Novel Sentence has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
