## **Novel The Reader:**

*The Reader* Bernhard Schlink, 2001-05-01 INTERNATIONAL BESTSELLER Hailed for its coiled eroticism and the moral claims it makes upon the reader this mesmerizing novel is a story of love and secrets horror and compassion unfolding against the haunted landscape of postwar Germany A formally beautiful disturbing and finally morally devastating novel Los Angeles Times When he falls ill on his way home from school fifteen year old Michael Berg is rescued by Hanna a woman twice his age In time she becomes his lover then she inexplicably disappears When Michael next sees her he is a young law student and she is on trial for a hideous crime As he watches her refuse to defend her innocence Michael gradually realizes that Hanna may be guarding a secret she considers more shameful than murder

**Novels, Readers, and Reviewers** Nina Baym, 1984 This book describes and characterizes responses of American readers to fiction in the generation before the Civil War It is based on close examination of the reviews of all novels both American and European that appeared in major American periodicals during the years 1840-1860 a period in which magazines novels and novel reviews all proliferated Nina Baym makes use of the reviews to gain information about the formal aesthetic and moral expectations of reviewers Her major conclusion is that the accepted view about the American novel before the Civil War the view that the atmosphere in America was hostile to fiction is a myth There is compelling evidence she shows for the existence of a veritable novel industry and concomitantly a vast audience for fiction in the 1840s and 1850s
