## **Rewards And Reform Creating Educational Incentives That Work:**

**Rewards and Reform** Susan H. Fuhrman, Jennifer A. O'Day, 1996-05-06 Rewards and Reform offers a comprehensive view of student teacher managerial and organizational incentives and shows how they are linked to school reform goals Noted experts in education policy practice and research as well as respected thinkers and practitioners from the public and private sectors consider a variety of incentive approaches Drawing from such diverse sources as studies of performance incentives reforms in Vermont school structuring in New York City private sector research on management and current theories of motivation and organizational development the book explains the underlying issues surrounding incentives and reform and provides a framework for future research and policy The book shows for example how workplace redesigns could answer teachers needs for autonomy and participation and so bolster the professional nature of teaching It also examines alternative ways of thinking about teacher compensation **Selected Papers in School Finance**, 1995 *Alternative Teacher Compensation Systems* Emilio Landolfi, 2003-09 A look at existing emerging alternative approaches to the single salary teacher compensation structure found in most school districts in Canada No Child Left Behind and the Reduction of the Achievement Gap Alan R. Sadovnik, Jennifer A. O'Day, George W. Bohrnstedt, Kathryn M. Borman, 2013-10-11 This monumental collection presents the first ever sociological analysis of the No Child Left Behind Act and its effects on children teachers parents and schools More importantly these leading sociologists consider whether NCLB can or will accomplish its major goal to eliminate the achievement gap by 2014 Based on theoretical and empirical research the essays examine the history of federal educational policy and place NCLB in a larger sociological and historical context Taking up a number of policy areas affected by the law including accountability and assessment curriculum and instruction teacher quality parental involvement school choice and urban education this book examines the effects of NCLB on different groups of students and schools and the ways in which school organization and structure affect achievement No Child Left Behind concludes with a discussion of the important contributions of sociological research and sociological analysis integral to understanding the limits and possibilities of the law to reduce the achievement gap Kindergarten Transition and Readiness Andrew J. Mashburn, Jennifer LoCasale-Crouch, Katherine C. Pears, 2018-06-09 This book presents a comprehensive overview of children s transitions to kindergarten as well as proven strategies that promote their readiness It presents theories and research to help understand children s development during the early childhood years It describes evidence based interventions that support children in developmental areas essential to school success including cognitive social emotional and self regulatory skills Chapters review prekindergarten readiness programs designed to promote continuity of learning in anticipation of the higher grades and discuss transitional concerns of special populations such as non native speakers children with visual and other disabilities and children with common temperamental issues The volume concludes with examples of larger scale systemic approaches to supporting children s development during the transition to kindergarten describing a coherent

system of early childhood education that promotes long term development Featured topics include Consistency in children s classroom experiences and implications for early childhood development Changes in school readiness in U S kindergarteners Effective transitions to kindergarten for low income children The transition into kindergarten for English language learners The role of close teacher child relationships during the transition into kindergarten Children s temperament and its effect on their kindergarten transitions Kindergarten Transition and Readiness is a must have resource for researchers clinicians and related professionals and graduate students in child and school psychology educational psychology social work special education and early childhood education

Intelligent Leadership John M. Burger, Charles F. Webber, Patricia Klinck, 2007-08-16 Effective educational leadership while highly contextualized is more and more recognized as a crucial input and process variable that determines to a very large extent the outcomes for educational organizations This book pulls together the thinking of 16 educators with diverse backgrounds and experiences all of whom hold keen interests in harnessing the forces that can improve educational opportunity for students Becoming an effective education leader requires more than a passing knowledge of leadership theory it also requires knowledge of what works in education and an on going commitment to thinking about how leadership dynamics and pedagogical theory intersect within contextual realities

Intelligent Leadership Constructs for Thinking Education Leaders is intended to stimulate the thinking of every educator who aspires to influence decision making and to provide direction to their school district or institution
