Rhapsody In Red How Classical Music Became Chinese:

Rhapsody in Red Sheila Melvin, Jindong Cai, 2004 Western classical music has become as Chinese as Peking Opera and it has woven its way into the hearts and lives of ordinary Chinese people This lucidly written account traces the biographies of the bold visionaries who carried out this musical merger Rhapsody in Red is a history of classical music in China that revolves around a common theme how Western classical music entered China and how it became Chinese China's oldest orchestra was founded in 1879 two years before the Boston Symphony Since then classical music has woven its way into the lives of ordinary Chinese people Millions of Chinese children take piano and violin lessons every week Yet despite the importance of classical music in China and of Chinese classical musicians and composers to the world next to nothing has been written on this fascinating subject The authors capture the events with the voice of an insider and the perspective of a Westerner presenting new information original research and insights into a topic that has barely been broached elsewhere Every chapter is as exiting as it is revealing The book is thoroughly researched with superb bibliography I am ecstatic my students will be electrified Clive M Marks Chairman The London College of Music Trustee Trinity College of Music and The London Philharmonic Orchestra

A Contemporary History of the Chinese Zheng Ann L. Silverberg, 2022-12-12 A Contemporary History of the Chinese Zheng traces the twentieth and twenty first century development of an important Chinese musical instrument in greater China The zheng was transformed over the course of the twentieth century becoming a solo instrument with virtuosic capacity In the past the zheng had appeared in small instrumental ensembles and supplied improvised accompaniments to song Zheng music became a means of nation building and was eventually promoted as a marker of Chinese identity in Hong Kong Ann L. Silverberg uses evidence from the greater China area to show how the narrative history of the zheng created on the mainland did not represent zheng music as it had been in the past Silverberg ultimately argues that the zheng's older repertory was poorly represented by efforts to collect and promote zheng music in the twentieth century This book contends that the restored traditional Chinese music created and promulgated from the 1920s forward and solo zheng music in particular is a hybrid of Chinese essence Western means that essentially obscures rather than reveals tradition Ann Silverberg's book provides a history of the Chinese zheng zither with a focus on the rise of solo music since the mid twentieth century across the three sites of mainland China Hong Kong and Taiwan Existing English language studies mostly omit consideration of Hong Kong and Taiwan so this account enriches current perspectives on the multiplicities of Chinese musical history and identity Jonathan Stock University College Cork Ireland Professor Ann Silverberg's insights and approach are long awaited in the studies of Chinese music I am particularly impressed by her coverage of the situation in Hong Kong and Taiwan This book is a wonderful contribution to zheng music It also inspires and enhances the studies of other Chinese musical instruments and Chinese traditional music Yu Siu Wah independent scholar

Red at Heart Elizabeth McGuire, 2017-10-02 Red at Heart conjures a tale of cross cultural romance from a topic that is normally seen in geopolitical or ideological terms and thereby offers a new interpretation of twentieth century communism's most crucial alliance This is the multigenerational history of people who experienced Sino Soviet affairs most intimately prominent Chinese revolutionaries who traveled to Russia in their youths to study often falling in love and having children there Their deeply personal memoirs interviews with their children and a vivid collection of documents from the Russian archives allow

Elizabeth McGuire to reconstruct the sexually charged physically difficult and politically dangerous lives of Chinese communists in the Soviet Union The choices they made shaped not only the lives of their children but also the postwar alliance between the People s Republic of China and Soviet Russia Red at Heart brings to life a cast of transnational characters including a son of Chiang Kai shek and a wife of Mao Zedong who connected the two great communist revolutions in human terms Weaving personal stories and cultural interactions into political history McGuire movingly shows that the Sino Soviet relationship was not a brotherhood or a friendship but rather played out in phases like many lifelong love affairs from first love early betrayal and love children through eventual marriage with its conveniences and annoyances guarded optimism and official heirs to divorce reconciliation and a nostalgia that lingers even today A century after 1917 this book offers a novel story about Chinese communism the Russian Revolution s most geopolitically significant legacy
