Citation: Marogna, C., De Vincenzo, C., Lleshi, K., Paluan, E., & Viecelli Giannotti, A., (2025). Research in psychoanalysis across theory and practice: a systematic literature review. *Research in Psychotherapy: Psychopathology, Process and Outcome*, 28(2), 861. doi: 10.4081/rippps.2025.861

Contributions: AVG and KL conducted the bibliographic research, screened articles, and performed thematic coding and analysis; CDV contributed to data screening and thematic synthesis, ensuring coherence in the conceptual framework; EP was involved in the final review process, ensuring consistency and accuracy, and contributed to the revision of the manuscript draft; CM conceptualized and designed the study, supervised the review process, provided critical insights, and ensured methodological rigor. All the authors have read and approved the final version of the manuscript and agreed to be accountable for all aspects of the work.

Conflict of interest: the authors have no conflict of interest to declare.

Ethics approval and consent to participate: ethics approval is not required, as this study did not involve human or animal subjects.

Availability of data and materials: the datasets analyzed in this systematic review consist of publicly available research articles retrieved from major academic databases, including Elsevier PsycINFO, Elsevier CINAHL, Scopus, Web of Science, PubMed, and PEP-Web. The full list of included studies is provided in Supplementary Table 1. Further details on the data extraction and analysis process, including thematic coding and categorization, are available upon reasonable request from the corresponding author.

ABSTRACT

The present systematic review of the literature aims to provide a comprehensive overview of the state of the art of research in psychoanalysis. The arguments draw a difference between psychoanalytic research and research in psychoanalysis, meaning that in the past decades, there has been an attempt to bridge the gaps between psychoanalysis and broader research in psychology. Major scientific databases for contemporary psychological research (Elsevier PsycINFO, Elsevier CINAHL, Scopus, Web of Science, PubMed, and PEP-Web) were searched to gather psychoanalytic-oriented research, both theoretical and empirical. The PRIMA method provided a total of 36 results, on which a conceptual/reflexive thematic analysis was conducted. The identified themes or dimensions are: i) the epistemological status of psychoanalysis; ii) the research domains in psychoanalysis; iii) the research methodology in psychoanalysis; iv) the research methods in psychoanalysis; and v) the instruments of research in psychoanalysis. We conclude that, despite long-lasting difficulties in the epistemological cohabitation between psychoanalysis and mainstream psychological research, new hybrid ways for future psychoanalysis can be identified.

Key words: psychoanalysis; research; psychoanalysis and psychology research

Introduction

From psychoanalytic research to research in and with psychoanalysis

The relationship between theory, formative and applied research, and clinical practice has been fundamental in the emergence and systematization of the psychoanalytic body of knowledge and methods (Fonagy, 2003). Historically, advancements in the theoretical framework and related techniques in psychoanalysis have been transmitted to its community of scholars and practitioners primarily through the medium of books, essays, and lectures, moving away from institutionalized forms of scientific communication (De Vincenzo *et al.*, 2024). This unique characteristic has several motives and roots, as psychoanalysis initiated with an ambiguous epistemological position, proposing an innovative paradigm while attempting to adhere to the epistemological principles of the early twentieth century (Person *et al.*, 2005). As a mark of a fluctuating relationship with institutionalized and mainstream psychological science, research is one of the key themes in contemporary psychoanalysis, with its contribution to societies and individuals (IPA - Research Committee, 2005). On a historical level, Freud developed his theories using the psychoanalytic method within the clinical practice and observations

Psychoanalysis From Practice To Theory

Leonardo S Rodriguez

Psychoanalysis From Practice To Theory:

Psychoanalysis Jorge Canestri, 2006-06-14 With contributions from leading European and American psychoanalysts this innovative text systematically investigates and analyses the relationship between clinical practice and psychoanalytic theories It examines clinical practice experience in detail and links it with the knowledge gained from official theory To make this type of analysis of clinical material possible the team of authors have devised a grid called The Map This new instrument details the implicit theories of the analyst at work and can be used in everyday clinical work and supervisions These analyses highlight the divergences and convergences with theory but also reveal outlines for new models Psychoanalysis From Practice to Theory makes a significant contribution to the debate about the most important problems that psychoanalysis presents It will be of great value to psychoanalysts psychotherapists and students of psychoanalysis Contributors Jorge L Ahumada Werner Bohleber Jorge Canestri Paul Denis Peter Fonagy William I Grossman Gail S Reed David Tuckett Samuel Zysman Whurr Series in Psychoanalysis Edited by Peter Fonagy and Mary Target

Putting Theory to Work Jorge Canestri, 2018-05-08 This book contains a continuation and expansion of the topics covered in the author's previous book Psychoanalysis from Practice to Theory about the use of theories in analytic practice As a member of the International Psychoanalytical Association IPA Conceptual Research Committee and Chair of the Working Party on Theoretical Issues the author who teaches at Nanterre University has studied and taught on the subject for several years as well as writing many articles on it The book will be particularly useful for psychoanalytical and psychotherapeutic societies as well as for research committees

Putting Theory to Work Jorge Canestri, 2019-07-31 This book contains a continuation and expansion of the topics covered in the author's previous book Psychoanalysis from Practice to Theory about the use of theories in analytic practice As a member of the International Psychoanalytical Association IPA Conceptual Research Committee and Chair of the Working Party on Theoretical Issues the auth

Introduction to Psychoanalysis Anthony W. Bateman, Jeremy Holmes, 2002-09-10 The need for a concise comprehensive guide to the main principles and practice of psychoanalysis and psychoanalytic psychotherapy has become pressing as the psychoanalytic movement has expanded and diversified An introductory text suitable for a wide range of courses this lively widely referenced account presents the core features of contemporary psychoanalytic theory and practice in an easily assimilated but thought provoking manner Illustrated throughout with clinical examples it provides an up to date source of reference for a wider range of mental health professionals as well as those training in psychoanalysis psychotherapy or counselling

Theory of Psychoanalytical Practice Juan Tubert-Oklender, 2018-04-17 This book makes an original contribution to the study of the psychoanalytic process from a relational point of view and at the same time serves as a textbook on the theory of technique It provides a general exposition of the theory of psychoanalytic practice from a process perspective that emphasizes the analytic relationship the dyadic nature of the psychoanalytic situation and the impact of unconscious interaction between its two

parties and also includes the authors personal point of view and contributions on the subject Psychotherapy and Psychoanalysis Robert S. Wallerstein,1975 **Practice and Theory of Psychoanalysis** Herman Nunberg,1948 **Theory and Practice in Child Psychoanalysis** Guy Hall,Francoise Hivernel,Sian Morgan,2018-05-08 During her lifetime Francoise Dolto revolutionized the psychoanalytic understanding of childhood As an early pioneer she emphasized that the child is to be recognized from birth as a person As a gifted and innovative clinician Dolto developed her ideas about the unconscious image of the body An image that is unique to each individual and linked to both a person s history and narcissism rather than their physicality It is the symbolic incarnation of a person s desires Dolto began her career as a member of the IPA was admired by Winnicott close to Lacan and influenced by Morgenstern Her life witnessed an extraordinary evolution from the conservatism of her parents through the second World War to the turbulence of Paris in the 1950s and 60s In the succeeding years Dolto made a number of original contributions to the understanding of psychosis neonatology female sexuality education and religion Although controversial she was able to write both for the general public and for professional colleagues

Relational Theory and the Practice of Psychotherapy Paul L. Wachtel,2010-10-19 This important and innovative book explores a new direction in psychoanalytic thought that can expand and deepen clinical practice Relational psychoanalysis diverges in key ways from the assumptions and practices that have traditionally characterized psychoanalysis At the same time it preserves and even extends the profound understanding of human experience and psychological conflict that has always been the strength of the psychoanalytic approach Through probing theoretical analysis and illuminating examples the book offers new and powerful ways to revitalize clinical practice **Psychoanalysis with Children** Leonardo S Rodriguez,1999-01 This text is a major contribution to the theory and practice of psychoanalysis with children from a Lacanian perspective and is the first of its kind in the English language Here the theoretical approaches and clinical practices of the psychoanalysts that historically have prevailed in the field of psychoanalysis with children are critically examined Hermine Hug Hellmuth Anna Freud Melanie Klein and her school DW Winnicott Jacques Lacan and Rosine and Robert Lefort With more than twenty five years of clinical experience with children and their parents as well as research on psychoanalytic concepts and practical applications the author also presents his views on a number of issues of crucial relevance for psychoanalytic theory and practice with children *Introduction to Psychoanalysis* Anthony W. Bateman,2021-09 What is psychoanalysis Is it relevant to today s mental health crisis How can psychoanalysis help people suffering from psychological distress and illness This vital new book examines how psychoanalysis has changed since its inception and how it has adapted to the needs and concerns of twenty first century mental health professionals and patients The first part of this book provides a concise and unbiased account of the origins of psychoanalysis and the theories which characterize the main post Freudian schools neo Freudian Kleinian Interpersonal Self Psychological Lacanian and the ways in which they agree and diverge The second part uses clinical illustrations to examine the practicalities of psychoanalytic

technique in the consulting room assessment free association dream analysis transference and counter transference Whatever their allegiance or role mental health professions psychologists psychiatrists social workers child mental health professionals mental health nurses need to be conversant with the strengths relevance and limitations of the psychoanalytic approach This book provides an indispensable up to date and accessible account of psychoanalysis today Shaped throughout by considering the viewpoint of an interested twenty first century reader it is of great interest to psychoanalysts and related mental health professionals as well as students and all those interested in the treatment of mental health Putting Theory to Work Jorge Canestri,2012 This book contains a continuation and expansion of the topics covered in the author s previous book *Psychoanalysis from Practice to Theory* about the use of theories in analytic practice As a member of the International Psychoanalytical Association IPA Conceptual Research Committee and Chair of the Working Party on Theoretical Issues the author who teaches at Nanterre University has studied and taught on the subject for several years as well as writing many articles on it The book will be particularly useful for psychoanalytical and psychotherapeutic societies as well as for research committees

The Theory and Practice of Psychoanalytic Therapy Siri Gullestad,Bjørn Killingmo,2019-09-20 The Theory and Practice of Psychoanalytic Therapy Listening for the Subtext outlines the core concepts that frame the reciprocal encounter between psychoanalytic therapist and patient taking the reader into the psychoanalytic therapy room and giving detailed examples of how the interaction between patient and therapist takes place The book argues that the therapist must capture both nonverbal affects and unsymbolized experiences proposing a distinction between structuralized and actualized affects and covering key topics such as transference countertransference and enactment It emphasizes the unconscious meaning in the here and now as well as the need for affirmation to support more classical styles of intervention The book integrates object relational and structural perspectives in a theoretical position called relational oriented character analysis It argues the patient s ways of being constitute relational strategies carrying implicit messages a subtext and provides detailed examples of how to capture this underlying dialogue Packed with detailed clinical examples and displaying a unique interplay between clinical observation and theory this wide ranging book will appeal to psychotherapists psychoanalysts and clinical psychologists in practice and in training

The Writings of Anna Freud: Research at the Hampstead Child-Therapy Clinic, and other papers, 1956-1965 Anna Freud,1967 *The Evolution and Application of Clinical Theory* Judith Marks Mishne,1993 There has always been a gap between theory and practice in psychotherapeutic work Beginning and experienced practitioners alike must struggle to integrate a variety of models and concepts that approach the practice of psychotherapy in vastly different ways In *The Evolution and Application of Clinical Theory* Judith Mishne offers a comprehensive yet accessible introduction to four influential models of personality development and organization traditional psychoanalytic drive theory ego psychology object relations theory and self psychology systematically exploring their implications for clinical practice Included is a history of the psychoanalytic movement from Freud to the present with special

attention paid to the professionals politics and personalities that have contributed to its growth and modification In developing this history the author shows the interrelationship of theoretical concepts explaining why theories change and how clinical social personal and political factors dictate the timing of those changes Mishne then goes on to clearly and effectively demonstrate the application of these psychoanalytic theories to individual family and marital treatment Drawing on an extensive case study which includes individual treatment of an adolescent along with parent guidance marital treatment and family therapy she applies the four psychologies illustrating how each can be used and how they differ Finally she addresses the issue of conflicting paradigms and suggests ways in which clinicians can benefit from an understanding of all four models in assessment and treatment The Evolution and Application of Clinical Theory with its unique application of different theoretical models to a specific case is an invaluable reference for the novice and experienced practitioner alike It can also be used in courses in clinical theory and clinical practice

Introduction to the Practice of Psychoanalytic Psychotherapy Alessandra Lemma, 2024-12-04 An essential guide to psychoanalytic psychotherapy in modern practice A must have for those new to the field and seasoned professionals alike Introduction to the Practice of Psychoanalytic Psychotherapy provides up to date practice oriented coverage of the latest research and techniques in psychoanalysis Distinguished clinical psychologist and psychoanalyst Alessandra Lemma synthesizes decades of clinical experience and the latest research into actionable advice for developing analytic skills with clarity confidence and adaptability across diverse therapeutic settings This popular textbook offers step by step guidance on essential areas of practice including conducting assessments formulating cases and navigating therapeutic endings Throughout the book detailed yet accessible chapters demystify the processes behind psychoanalytic psychotherapy while offering real world insights into the day to day practice of psychoanalytic therapy Fully revised to reflect contemporary practice this edition features three entirely new chapters on psychoanalytic ethics working with the body and online therapy Updated and expanded chapters address new developments in Dynamic Interpersonal Therapy DIT discuss the current evidence base for psychoanalytic interventions present new case studies and illustrative examples and more Very few psychoanalysts are capable of what Alessandra Lemma achieves with this book a deep understanding of the life of the mind coupled with a comfortable familiarity with the science of the mind MARK SOLMS Ph D Editor The Revised Standard Edition of the Complete Psychological Works of Sigmund Freud 2024 A third edition of this classic text is testimony to how well the original edition was written Yet it also demonstrates that psychoanalytic therapy and the contexts in which it is practiced are in continual flux To explain these changes and offer new updates there is no better guide than Alessandra Lemma She has been at the forefront of many developments and has endeavoured to make psychoanalytic ideas and techniques relevant for the decade that lies ahead This is a highly readable enjoyable and insightful book that deserves to be read again and again There is always something fresh to discover DR ALISTAIR ROSS Associate Professor in Psychotherapy Kellogg College Author of Introducing Contemporary Psychodynamic

Counselling and Psychotherapy There are many things to cherish about Alessandra Lemma's Introduction to the Practice of Psychoanalytic Psychotherapy Now appearing in its third edition Lemma exemplifies a mentality that psychoanalysis is alive and kicking and evolving The book is especially candid in acknowledging how psychoanalysis which began ahead of the social curve but then began to lag behind is now making up for lost time It is a pleasure to encounter readings of Freud that are neither adulating nor deprecating and it is even more of a pleasure to consider this version of contemporary psychoanalysis Lemma's work on integrating the body in psychoanalytic theory is well known and is now incorporated into this book In addition Lemma addresses profound ethical issues that we have faced during the pandemic and in its aftermath Clinicians at every stage of their careers will benefit from reading and reflecting on this terrific book

The Writings of Anna Freud Anna Freud,1967 Hidden Selves Masud Khan,2018-03-22 The hidden selves that Masud Khan reveals to us in this third volume of his psychoanalytic writings are to be understood in two ways Primarily they are those aspects of the self which are inherent in but unsuspected by the individual concerned and which need to be identified if that individual is to achieve a full and healthy self awareness More broadly they are the ingredients of human nature which may not be evident on the surface but which can be brought out through literature or art for example or through the insights gained in psychoanalysis In analysis and over a period of time both analyst and patient discover parts of their personality that were unknown to each other at the start The person is not just a single self but a collage of hidden selves and one of the goals of psychoanalysis is to find out how this collage functions for the individual concerned whether through symptomatology or through introspection

Educational Problems for Psychological Study Goodwin Watson,Ralph Beckett Spence,1930 *Practice and Theory of Psychoanalysis, V1* Herman Nunberg,2012-06-01

Psychoanalysis From Practice To Theory Introduction

In the digital age, access to information has become easier than ever before. The ability to download Psychoanalysis From Practice To Theory has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Psychoanalysis From Practice To Theory has opened up a world of possibilities. Downloading Psychoanalysis From Practice To Theory provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Psychoanalysis From Practice To Theory has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Psychoanalysis From Practice To Theory. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Psychoanalysis From Practice To Theory. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites

that prioritize the legal distribution of content. When downloading Psychoanalysis From Practice To Theory, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Psychoanalysis From Practice To Theory has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Psychoanalysis From Practice To Theory Books

1. Where can I buy Psychoanalysis From Practice To Theory books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Psychoanalysis From Practice To Theory book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
