Psychological Testing Robert J. Gregory, 2017. Psychological Testing provides a succinct and clear analysis of the subject of psychological testing from a contemporary viewpoint and modern perspective based on a novel approach. It lays the foundation for proper use of tests by discussing a rich variety of measurement tools available in the field today, historically significant tests and techniques, importance of the background of the individual being tested, rapidly developing concepts and procedures likely to affect psychometric practices in the 21st century, and the increasing influence of computerization in test development, test construction, test administration, test scoring, and score processing. *Psychological Testing: History, Principles and Applications - (Value Pack W/MySearchLab)* Robert J. Gregory, 2008-12. MySearchLab provides students with a complete understanding of the research process so they can complete research projects confidently and efficiently. Students and instructors with an internet connection can visit www.MySearchLab.com and receive immediate access to thousands of full articles from the EBSCO ContentSelect database. In addition, MySearchLab offers extensive content on the research process itself, including tips on how to navigate and maximize time in the campus library, a step-by-step guide on writing a research paper, and instructions on how to finish an academic assignment with endnotes and bibliography. Students are given a broad overview of the field with coverage of the latest versions of the most widely used tests. The text is divided into 12 chapters and 24 modular topics, making it easier for students to grasp complex ideas, while real-world case studies bring concepts to life. The Nature, History, and Consequences of Testing; Technical and Methodological Issues; Ability Testing; Personality Testing and Assessment; and Special Topics in Testing. Psychological Testing Assessment in Early Childhood Assessment and Introduction to Psychological Testing Measurement. **Psychological Testing** Kirit B. Vyas, 2012.
